TENTH MULTIDISCIPLINARY RESEARCH DAY AT WESTERN

St. Joseph, Mo. — Nov. 12, 2003— The 10th Missouri Western State College Multidisciplinary Research Day, a public forum for the promotion of independent student research and creative projects, is Dec. 3 in the Leah Spratt Multipurpose Classroom Building, Enright Room, 214.

Western students will have the opportunity to showcase their research projects in a poster session noon – 2 p.m. The event is free and open to the community.

Steve Hoekstra, assistant professor of psychology at Kansas Wesleyan University, Salina, will present “Pseudoscience: Do We Know Where it Comes From, and What Can it Teach Us About Science Education?”

For more information, contact Dr. Todd Eckdahl, professor of biology, at (816) 271-5873 or eckdahl@mwsc.edu.

—end—

Missouri Western State College is a four-year public institution providing a blend of traditional liberal arts and professional degree programs. The college offers student-centered, high quality instruction that focuses on experience-based learning, community service, and state-of-the-art technology. Western is located in St. Joseph, Mo. and is committed to the educational, economic, cultural and social development of the region it serves.
