WESTERN HOLDS GPS WORKSHOP

St. Joseph, Mo. — Nov. 23, 2004 — Missouri Western State College will hold a certified user mapping GPS workshop 8 a.m. to 3 p.m. Dec. 16-18. The workshop, entitled, “Introduction to Global Positioning Systems for Mapping and Navigation,” lasts three days and is limited to a maximum of 10 participants to ensure quality and personal attention.

The course is an introduction to mapping GPS and no prior experience in GPS is required or expected. Students will train on Trimble Geo CE-XT mobile GIS GPS with Terrasync Pro. Students will learn to use bluetooth wireless communication, WAAS real-time differential and Coast Guard Beacon real-time differential. The course is taught by an experienced manufacturer-certified trainer.
