SUMMER RESEARCH INSTITUTE HOLDS SYMPOSIUM

St. Joseph, Mo. —July 14, 2003—The Summer Research Institute at Missouri Western State College will host a symposium from 1 to 3 p.m. July 18 in the Nelle Blum Student Union, where participants will share the results of their research projects in oral presentations. A poster session and reception will follow, and the symposium is open to the community.

The Summer Research Institute, the second annual, gives high school students the opportunity to engage in research with Western faculty and students. This year, seven teams including 14 area high school students participated in research projects. For more information, contact Dr. Ben Caldwell at (816) 271- 4392 or caldwell@mwsc.edu.

—end—

Missouri Western State College is a four-year public institution providing a blend of traditional liberal arts and professional degree programs. The college offers student-centered, high quality instruction that focuses on experience-based learning, community service, and state-of-the-art technology. Western is located in St. Joseph, Mo. and is committed to the educational, economic, cultural and social development of the region it serves.
