Along with the Show-Me Standards and Goals, the GLEs are Missouri's comprehensive look at what students need to achieve at various grade levels. The Reviewing Tool directly relates to the following Writing GLE (these refer to the most current draft posted at <http://dese.mo.gov>) but obviously contributes to all the Writing GLEs and, I believe, strengthens some of the reading ones as well:

- 1A: Follow a writing process to
- c.) revise in response to peer feedback (peer and/or teacher)
 - d.) edit for conventions.
