PUBLIC SESSION

Adjournment

RFP20-051 WEB BASED REPORTING SOLUTION

Invitations for bid were advertised in two newspapers and sent to ten (10) vendors. Five (5) vendors responded with bids for Web Based Reporting Solution. This solution allows MWSU to obtain web-based reporting, data analytics, and business intelligence solution. The selected product will be used by numerous departments across campus, and should include sufficient licensing for developers and users. Some data may wish to be published to MWSU's website, and that data will be made available to an unlimited number of users. The set-up of the software expected to begin no later than February 3, 2020.

Vendors who did not meet the needs of MWSU.

- DataBrains Inc on behalf of Tableau, Jacksonville, FL
- MicroStrategy Services Corporation, Tysons Corner, VA
- Zoho Corporation, Tamil Nadu, India

Vendors who did meet the needs of MWSU.

Entrinsik, Raleigh, NC (Product: Informer)

Cost of Initial Acquisition and Setup	\$ 55,600.00
Year 1 – License, maintenance and support	\$ 11,132.00
Year 2 – License, maintenance and support	\$ 11,132.00
Year 3 – License, maintenance and support	<u>\$ 11,132.00</u>
3.5 YEAR TOTAL	\$ 88,996.00

Evisions, Inc., Irvine, CA (Product: Argos)

Cost of Initial Acquisition and Set-up	\$ 51,635.00
Year 1 – License, maintenance and support	\$ 41,270.00
Year 2 – License, maintenance and support	\$ 42,921.00
Year 3 – License, maintenance and support	<u>\$ 44,638.00</u>
3.5 YEAR TOTAL	\$180,464.00

The Administration recommends acceptance of the bid from Evisions, Inc (product Argos). The selection committee chose the vendor based upon the written proposal, references, and current relationship with MWSU. The selection committee decided the best fit for MWSU's Web Based Reporting Solution for the next three and a half years (3.5) is Evisions' Argos.

Funding for this software program will come from account SMA (Software Maintenance Agreements)

NURSING MANIKIN SIMULATOR EQUIPMENT

The School of Nursing and Health Professions received grant money and would like to purchase four (4) Laerdal manikins for simulated health care experiences. The nursing program has used Laerdal manikins that have performed well during teaching exercises. They have proven themselves to be reliable and of sound quality with heavy use.

Laerdal has been awarded a cooperative contract from BuyBoard after a competitive bid process. BuyBoard is a national cooperative contract purchasing organization, which has been in operation since 1998. All vendors have been awarded through a competitively procured process that provides transparency, compliance and a documented audit trail.

The equipment to be purchased:

- 1 Nursing Anne Simulator
- 1 SimMan 3G
- 1 SimBaby
- 1 SimMom

Administration recommends the purchase of four (4) Laerdal manikins at a total cost of \$223,609.87. Pricing includes the manikins, software license, 3-year warranty, maintenance and on-site training. The pricing also includes the ability to return all of these simulators to the Laerdal Facility every year for annual preventative maintenance service with Laerdal Technicians. The School of Nursing and Health Professions will receive comprehensive loaner(s) during that preventative maintenance service.

The funding for this purchase will come from the Nursing MoExcels Grant account.
