Management's Introduction
Years Ended June 30, 2021 and 2020

Overview

Missouri Western State University is a four-year public institution providing a blend of traditional liberal arts and professional degree programs. The University offers student centered, high quality instruction that focuses on applied learning, community service and state-of-the-art technology. Missouri Western is located in St. Joseph, Missouri and is committed to the educational, economic, cultural and social development of the region it serves.

The University is a component unit of the State of Missouri and is authorized under Missouri statute to offer associate, baccalaureate and graduate degrees as well as certificate programs. Professional programs, programs for transfer students, continuing education opportunities and self-enrichment courses are also offered. Missouri Western State University has an enrollment of approximately 4,900 undergraduate and graduate students. The University has on-campus student housing that can accommodate approximately 23 percent of the student body.

The predecessor to Missouri Western State University, St. Joseph Junior College, was organized in 1915 as an integral part of the city public school system. An independent junior college district involving eleven school districts was organized in 1965, and the school's name was changed to Missouri Western Junior College. Also, in 1965, legislation allowing the junior college to become a four-year college passed the Missouri General Assembly. In the fall of 1969, 2,536 students began attending the new four-year school, Missouri Western College, on the present campus, which now comprises 723 acres. The College became a fully funded state institution on July 1, 1977. University designation for Missouri Western became official on August 28, 2005. The legislation (SB 98) that included university designation also gave Missouri Western a statewide mission in the area of applied learning.

Missouri Western State University invests its resources, including student fees and state appropriations, efficiently and effectively to serve the needs of students, our region and the State of Missouri. Missouri Western invests approximately 86 percent of its total budget in instruction and in other activities that specifically support students. The University works with students to connect the theory of the classroom with its applications beyond the classroom in the community, the region and well beyond. Missouri Western serves students who are typically first-generation college students and who demonstrate financial need at a level substantially above the average for students in Missouri. The University produces student outcomes that compare well with other colleges and universities in Missouri.

Strategic Planning

Missouri Western has a long-standing commitment to strategic planning and formally implemented a systematic planning schedule in 2002. Each of the strategic plans that were adopted have guided institutional efforts to fulfill the mission, vision and values of the institution. The current plan, *Pathways to Excellence*, was adopted July 2, 2018. This plan is focused upon student success and employs five themes to guide our initiatives: student experience, people, partnerships, programs and stewardship. The plan also introduced new University mission and vision statements. In addition to the strategic plan, a four-year Master Academic Plan was developed by faculty and administration and adopted by the Board of Governors in August of 2021. Operationalization of the plan will commence in September of 2021.

Management's Introduction Years Ended June 30, 2021 and 2020

Accreditation

Missouri Western maintains institutional accreditation through the Higher Learning Commission (HLC) and has been accredited since 1919. Missouri Western hosted a Comprehensive Quality Review (CQR) site visit in October 2016 and received Reaffirmation of Accreditation in January 2017.

As a member of the Open Pathway with HLC, Missouri Western recently completed its year 4 Assurance Review and will engage in a Quality Initiative during the second half of the ten year accreditation cycle. This initiative will be a large-scale project that facilitates continuous improvement at the institution.

Missouri Western is a member of the National Council for State-Authorization Reciprocity Agreement (NC-SARA), which provides a voluntary, regional approach to state oversight of postsecondary distance education. When states join SARA, they agree to follow uniform processes for approving their eligible institutions' participation. They also agree to deal with other states' SARA institutions in a common way when those institutions carry out activities in SARA states other than their own.

Missouri Western also has specialized accreditation and program approval for a wide variety of our programs. This includes the following:

- Association to Advance Collegiate Schools of Business, AACSB International
- Commission on Accreditation for Health Informatics and Information Management Education
- Commission on Accreditation in Physical Therapy Education
- Commission on Collegiate Nursing Education
- Council on Social Work Education
- Engineering Technology Accreditation Commission of ABET
- National Accrediting Agency for Clinical Laboratory Science
- National Association of Schools of Music
- National Council for Accreditation of Teacher Education
- Missouri Western also has the All-Steinway School designation, the American Chemical Society curriculum approval, and the American Bar Association approval
- American Chemical Society (ACS)
- American Bar Association (ABA)
- Missouri State Board of Education with the Department of Elementary and Secondary Education (SBOE/DESE)
- Missouri State Board of Nursing (MSBN)

Management's Introduction Years Ended June 30, 2021 and 2020

Academic Programs

Missouri Western offers a variety of degree programs through the Steven L. Craig School of Business & Professional Studies, College of Liberal Arts, College of Science and Health, and Graduate School. The University is authorized under Missouri statutes to offer professional master's degrees, four-year baccalaureate programs, two-year associate degrees, pre-professional transfer programs and one-year certificates. In addition, the University offers continuing education courses, seminars, conferences and workshops suited to the needs of the community and serving groups throughout the nation.

Missouri Western offers a total of 56 degree programs, including 38 Bachelor's, seven Master's, four Associates, four Graduate certificates and three Undergraduate certificates.

Our largest degree programs are:

- **Nursing** 259 undergraduate declared majors; 223 undergraduate pre-majors
- Business 330 undergraduate declared majors; 155 undergraduate pre-majors
- Biology & Wildlife Conservation 207 undergraduate declared majors
- Physical Education 180 undergraduate declared majors; 14 undergraduate pre-majors
- Criminal Justice 133 undergraduate declared majors; 27 undergraduate pre-majors
- Elementary & Early Childhood Education 120 undergraduate declared majors; 74 undergraduate pre-majors

Missouri Western's Honors program offers high-achieving students the opportunity to enhance their college experience through interesting guest speakers, conferences across the country, a semester of study abroad, scholarship opportunities, in-depth research and study of a variety of topics, museum visits and close friendships. The Honors program has been a part of the campus community since 1988.

Applied Learning

Missouri Western State University has been designated by the State of Missouri as the official applied learning institution for the state. Applied learning refers to activities outside of the classroom in which students use discipline-specific knowledge, including internships, practice, study away and student/faculty research. Undergraduate students who engage in applied learning get an education that better prepares them to enter the workforce or pursue graduate study. Because it is a scholarly pursuit for students, applied learning is naturally tied to faculty scholarly activities. In all disciplines, applied learning opportunities arise when students work alongside faculty mentors who are pursuing their own professional scholarship goals. Approximately 98 percent of Missouri Western students complete a significant applied learning experience prior to their graduation. The recently launched Master Academic Plan (2021) focuses on this designation, and drives the strategies for Academic Affairs.

Management's Introduction
Years Ended June 30, 2021 and 2020

Campus Environment

Fiscal Year 2021 saw land improvements such as parking lot and storm sewer repairs. The campus also received much needed improvements that included a Touchless Proximity Security door access system to eighteen different buildings, as well as new air handlers and/or chillers in Popplewell Hall, Eder Hall, Potter Hall, Wilson Hall, Looney Complex, Blum Union, Fulkerson Center, Leah Spratt Hall and Griffon Hall. Other renovations included the completion of an Einstein Bros. Bagel store refresh and the relocation of the Barnes and Noble Bookstore to the Hearnes Center. Wilson Hall received a new roof, while the Hearnes Center and Murphy Hall roof replacements began in FY21 and were completed in FY22. The Leah Spratt Hall received a server upgrade and the Blum Union had new carpet and a new door installed for the Esports location. Scanlon Hall received new carpet in FY21, while painting the hall began in FY21 it was not completed until FY22.

Fiscal Year 2020 saw numerous renovations that included roof replacement on Scanlon Hall and the Blum Union, the start of roof repair/replacement of Wilson Hall, the replacement of the Remington Hall and Agenstein Hall boilers, the start of the relocation of Barnes and Noble Bookstore from Blum Union to the Hearnes Center, a new vinyl wrap for the Griffon Lab/Mobile Job Center bus and eleven key areas in Blum Union received vinyl MWSU logos to brighten walls, entryways and stairs. The Nursing Department applied for a grant for improvements to Murphy Hall that included new light fixtures, flooring, ceiling tile, painting, electrical additions, mechanical revisions and general bathroom facelifts.

Fiscal Year 2019 saw several renovations around campus that included The Craig School of Business classrooms and Dean's Office, painting the Looney Gym, HVAC repair, Potter Hall concrete replacement and exterior step replacement, carpet installation in various areas of Popplewell, Spratt and Eder, HVAC upgrades in the GISC, Blum Union boiler repair, Leaverton Hall chiller replacements, new baseball netting, a new fuel management system and the purchase of two police cars. It also saw the addition of capital assets with Aramark renovations that included the conversion of the Blum Union Roasterie to a Starbucks and improvements to the Western Dining Hall in the Blum Student Union for a total project cost of approximately \$1,060,000.

Kansas City Chiefs Summer Training Camp

The University entered into a contract with the Kansas City Chiefs Professional Football Franchise to hold their summer training camp on the campus of the University beginning in July 2010. As part of the agreement, the University built an indoor practice facility, multi-purpose facility, two outdoor practice fields and other enhancements in preparation for the camp. The project was funded by the Kansas City Chiefs, City of St. Joseph, Buchanan County, the University and private donations. Construction of the facilities was completed in July 2010 at a cost of \$11,338,408. In 2015, with a new contract in place, a new irrigation system was installed, the existing grass replaced by Bermuda sod, and a new driveway, parking lot, and sidewalk were paved to the practice field. The project cost was approximately \$675,000, which was financed with a tax credit agreement with the Missouri Development Finance Board and the Missouri Western State University Foundation. In FY20, the Kansas City Chiefs summer training camp was cancelled due to the COVID-19 pandemic, but resumed in the summer of 2021.

Independent Auditor's Report

Board of Governors Missouri Western State University St. Joseph, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of Missouri Western State University (the "University"), collectively a component unit of the State of Missouri, as of and for the years ended June 30, 2021 and 2020, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We did not audit the financial statements of Missouri Western State University Foundation, Inc. (the "Foundation"), the discretely presented component unit of the University. Those statements were audited by other auditors whose report thereon has been furnished to us, and our opinions insofar as it relates to the amounts included for the Foundation, are based solely on the report of the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Foundation, the discretely presented component unit, were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audits and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of the University as of June 30, 2021 and 2020, and the respective changes in financial position and, where applicable, cash flows, thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Board of Governors Missouri Western State University Page 2

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and pension information and other postemployment benefit information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the University's basic financial statements. The accompanying schedule of expenditures of federal awards as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, management's introductions and the information required for bonds, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Management's introduction and the information required for bonds has not been subjected to the auditing procedures applied in the audits of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 9, 2021, on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

Kansas City, Missouri December 9, 2021

Management's Discussion and Analysis June 30, 2021 and 2020

Introduction

This discussion and analysis of Missouri Western State University (the University) financial statements provides a comparative overview of the University's financial performance during the years ended June 30, 2021, 2020 and 2019. Since the Management's Discussion and Analysis is designed to focus on current activities, resulting change and current known facts, please read it in conjunction with the University's basic financial statements and the footnotes.

Financial Highlights

Academic Review Board

The University's Board of Governors declared a state of financial emergency at a special meeting held on March 5, 2020 in accordance with the University's retrenchment policy. Pursuant to this policy, the provost convened an Academic Review Board (ARB). The ARB was charged with reviewing each academic program on a variety of criteria, including academic quality, alignment with institutional mission, demand and enrollment, cost and cost effectiveness. The ARB made recommendations involving the discontinuance, elimination or restructure of certain academic programs to the provost and president. The president then made recommendations to the Board of Governors which were approved at the April 29, 2020 meeting.

The University began to take formal actions to eliminate, phase out, or restructure several of its academic programs. This change involves the elimination of several faculty members and staff, while giving the University the flexibility to enhance other academic programs in order to meet the market demand in various educational fields. The University continues to restructure its financial position through additional educational opportunities and cost cutting measures. The University believes they are on track for a brighter future and anticipates ending the state of financial emergency prior to the end of fiscal year 2022.

Comparative Analysis of Fiscal Years 2021 and 2020

A review of the University's net position at June 30, 2021 reflects an increase of \$7.0 million or 43.3 percent to \$23.2 million. Operating revenues for the year ended June 30, 2021, which includes tuition and fees of \$21.5 million; federal, state and non-governmental grants and contracts of \$0.5 million; auxiliary revenues of \$7.2 million; and other revenues of \$0.6 million, decreased by \$4.9 million to \$29.9 million.

Operating expenses decreased by \$12.7 million to \$64.6 million, resulting in an operating loss of \$34.7 million. Operating expenses included depreciation of \$5.6 million. This operating loss of \$34.7 million and net non-operating and other capital revenues of \$41.7 million resulted in an increase in net position of \$7.0 million.

Management's Discussion and Analysis
June 30, 2021 and 2020

Comparative Analysis of Fiscal Years 2020 and 2019

A review of the University's net position at June 30, 2020 reflects a decrease of \$6.7 million or 29.2 percent to \$16.2 million. Operating revenues for the year ended June 30, 2020, which includes tuition and fees of \$25.0 million; federal, state and non-governmental grants and contracts of \$1.4 million; auxiliary revenues of \$7.2 million; and other revenues of \$1.2 million, decreased by \$0.9 million to \$34.8 million.

Operating expenses increased by \$0.8 million to \$77.3 million, resulting in an operating loss of \$42.5 million. Operating expenses included depreciation of \$5.4 million. This operating loss of \$42.5 million and net non-operating and other capital revenues of \$35.8 million resulted in a decrease in net position of \$6.7 million.

Net Position

The Statements of Net Position present the financial position of the University at the end of the fiscal year and includes all assets and deferred outflows of resources, liabilities and deferred inflows of resources of the University. Assets and liabilities are generally measured using historical cost, which approximates current value, with certain exceptions, such as, capital assets which are stated at cost less accumulated depreciation, and long-term debt, which is stated at cost.

Management's Discussion and Analysis June 30, 2021 and 2020

A summary of the University's assets, deferred outflows of resources, liabilities, deferred inflows of resources and net position at June 30, 2021, 2020 and 2019, is as follows:

Net Position As of June 30

(In millions)

	 2021	2	2020	2	2019
Current Assets	\$ 18.1	\$	14.5	\$	13.3
Non-current Assets					
Capital assets, net of depreciation	 115.5		112.1		113.3
Total assets	 133.6	\$	126.6	\$	126.6
Deferred Outflows of Resources	9.7		12.8		17.5
Total assets and deferred outflows of resources	\$ 143.3	\$	139.4	\$	144.1
Current Liabilities	\$ 9.6	\$	10.1	\$	8.9
Noncurrent Liabilities	105.7		112.0		110.8
Total liabilities	\$ 115.3	\$	122.1	\$	119.7
Deferred Inflows of Resources	 4.8		1.1		1.5
Total liabilities and deferred inflows of resources	\$ 120.1	\$	123.2	\$	121.2
Net Assets					
Net investment in capital assets	\$ 70.3	\$	65.3	\$	64.5
Restricted	0.9		0.6		0.5
Unrestricted	 (48.0)		(49.7)		(42.1)
Total net position	\$ 23.2	\$	16.2	\$	22.9

Management's Discussion and Analysis June 30, 2021 and 2020

Comparative Analysis of Fiscal Years 2021 and 2020

Current assets increased by \$3.6 million or 24.8 percent from \$14.5 million to \$18.1 million. This is primarily due to an increase in cash of \$4.0 million and a decrease in accounts receivable of \$0.5 million.

Noncurrent assets increased by \$3.4 million or 3.0 percent from \$112.1 million to \$115.5 million. Capital assets, net of accumulated depreciation included additions of \$9.0 million, retirements of \$0.2 million, depreciation of \$5.6 million, which resulted in the \$3.4 million increase.

Deferred outflows decreased by \$3.1 million or 24.2 percent from \$12.8 million to \$9.7 million due primarily to a \$3.0 million decrease in our proportionate share of collective outflows for MOSERS.

Noncurrent liabilities decreased by \$6.3 million or 5.6 percent from \$112.0 million to \$105.7 million. This is due to the recognition of the proportionate share of the unfunded MOSERS pension that decreased by \$3.5 million. Long-term debt decreased by \$2.3 million due to the payment of scheduled principal amounts, accrued compensated absences decreased by \$0.1 million and unearned revenue decreased by \$0.4 million.

Deferred inflows increased by \$3.7 million due to the deferred recognition of projected versus actual earnings on investments in the MOSERS plan.

Comparative Analysis of Fiscal Years 2020 and 2019

Current assets increased by \$1.2 million or 9.0 percent from \$13.3 million to \$14.5 million. This is primarily due to an increase in cash of \$0.7 million.

Noncurrent assets decreased by \$1.2 million or 1.1 percent from \$113.3 million to \$112.1 million. Capital assets, net of accumulated depreciation included additions of \$4.3 million, retirements of \$0.6 million, depreciation of \$5.4 million less \$0.5 million accumulated depreciation for retirements which resulted in the \$1.2 million decrease.

Deferred outflows decreased by \$4.7 million or 26.6 percent from \$17.5 million to \$12.8 million due to a \$4.7 million decrease in our proportionate share of collective outflows for MOSERS.

Noncurrent liabilities increased by \$1.2 million or 1.1 percent from \$110.8 million to \$112.0 million. This is due to the GASB 68 pronouncement requiring the recognition of the proportionate share of the unfunded MOSERS pension that increased by \$4.4 million. Long-term debt decreased by \$2.0 million, accrued compensated absences decreased by \$0.1 million and unearned revenue increased by \$0.1 million as a net of the Aramark capital projects completed in FY20.

Deferred inflows decreased by \$0.4 million from \$1.5 million to \$1.1 million due to the GASB 68 pronouncement requiring deferred recognition of projected versus actual earnings on investments in the MOSERS plan.

Management's Discussion and Analysis
June 30, 2021 and 2020

Capital Assets, Net June 30, 2021

(In millions)

	Cost		Accumulated Depreciation		Net Capital Assets	
Land	\$	0.3	\$	-	\$	0.3
Land improvements		13.4		7.0		6.4
Buildings and improvements		183.5		79.2		104.3
Furniture, fixtures and equipment		20.7		17.6		3.1
Library materials		3.8		3.5		0.3
Construction in progress		1.1				1.1
	\$	222.8	\$	107.3	\$	115.5

Comparative Analysis of Fiscal Years 2021 and 2020

In 2021, the University completed numerous renovations that included \$0.9 million in land improvements to parking lots and storm sewers, a new Touchless Security Access lock system for \$1.9 million, \$3.9 million in new chillers and air handlers, a new roof for Wilson for \$0.5 million, a new server upgrade for \$0.1 million, the completion of the Esports area and relocation of the Bookstore for \$0.3 million. Scanlon Hall also received new carpet at a cost of \$0.3 million.

Comparative Analysis of Fiscal Years 2020 and 2019

In 2020, the University completed multiple renovations to the campus, including \$0.7 million in roof repair/replacement for Scanlon Hall, Wilson Hall and the Blum Union, boiler replacements at Remington/Agenstein Hall at a cost of \$0.2 million, renovations to the Nursing Department that included new light fixtures, flooring, ceiling tile, painting, electrical additions mechanical revisions and general bathroom facelifts at a cost of \$0.5 million, and the start of the relocation of the Barnes and Noble bookstore from Blum Union to the Hearnes Center at a cost of \$0.2 million.

Management's Discussion and Analysis
June 30, 2021 and 2020

Analysis of Net Position June 30

(In millions)

	2021		 2020	 2019
Net investment in capital assets Restricted Unrestricted	\$	70.3 0.9 (48.0)	\$ 65.3 0.6 (49.7)	\$ 64.5 0.5 (42.1)
Total	\$	23.2	\$ 16.2	\$ 22.9

Comparative Analysis of Fiscal Years 2021 and 2020

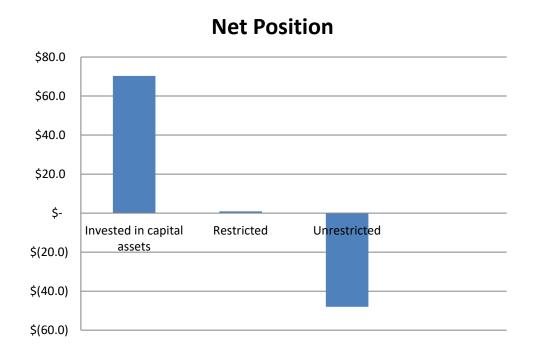

Net position increased by 43.4 percent or \$7.0 million from fiscal year 2020 to 2021. The net position is comprised of unrestricted operating of \$9.6 million, and unrestricted GASB 68 and 75 of (\$57.6) million; restricted for loans and other of \$0.5 million; and restricted for debt service agreement for repairs and maintenance of \$0.4 million; net investment in capital assets of \$70.3 million.

Comparative Analysis of Fiscal Years 2020 and 2019

Net position decreased by 29.2 percent or \$6.7 million from fiscal year 2019 to 2020. The net position is comprised of unrestricted operating of \$4.7 million and unrestricted GASB 68 and 75 of (\$54.4) million; restricted for loans and other of \$0.2 million; and restricted for debt service agreement for repairs and maintenance of \$0.4 million; net investment in capital assets of \$65.3 million.

Management's Discussion and Analysis June 30, 2021 and 2020

The following is a graphic illustration of net position at June 30, 2021 (in millions).

Analysis of Unrestricted Net Position Year Ended June 30 (In millions)

Management's Discussion and Analysis June 30, 2021 and 2020

Tuition and fees and auxiliary enterprises revenue is reported only to the extent they are earned. Student financial assistance provided by federal and state sources is reported as federal and state grants and contract revenues rather than as tuition and fees or auxiliary revenues.

In Fiscal Year 2021, total operating revenues had a decrease of 14.1 percent from \$34.8 million to \$29.9 million. This was due to a decrease in enrollment in Fiscal Year 2021.

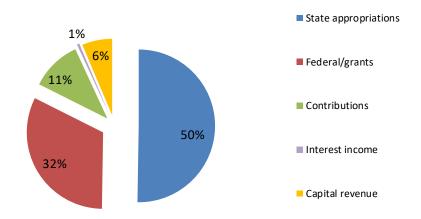

The following are graphic illustrations of revenues by source for the year ended June 30, 2021.

Operating Revenues

Management's Discussion and Analysis
June 30, 2021 and 2020

Non Operating Revenues

In Fiscal Year 2021, non-operating and capital revenues increased by \$5.8 million or 15.0 percent from \$37.9 million to \$43.6 million due primarily from the following increases (decreases) in millions:

Non-Operating Revenue and Capital Gifts

State of MO Appropriation	\$ 0.8
State and Local Grants	4.5
Capital Gifts	0.9
Federal Grants	0.8
Contributions	(1.1)
Interest income	 (0.1)
Total Non-Operating Revenue and Capital Gifts	\$ 5.8

Management's Discussion and Analysis June 30, 2021 and 2020

In Fiscal Year 2020, non-operating and capital revenues decreased by \$4.4 million or 12.8 percent from \$33.5 million to \$37.9 million due primarily from the following increases (decreases) in millions:

Non-Operating Revenue and Capital Gifts

State of MO Capital Appropriation	\$ (1.8)
Capital Gifts	(0.3)
Federal Grants	3.0
Contributions	3.6
Interest income	 (0.1)
Total Non-Operating Revenue and Capital Gifts	\$ 4.4

Missouri Western State University elected to use the natural classification for operating expenses, as did all state public higher education institutions in the State of Missouri.

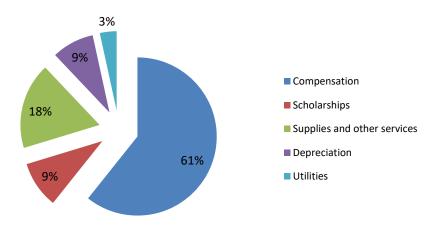

During 2021, 2020 and 2019, tuition fee waivers are reported as a reduction in revenue rather than scholarships and amounted to approximately \$7.2, \$8.1 and \$7.9 million, respectively. Federal Pell Grants and Federal Education Opportunity Grants outlays are recorded as non-operating revenue and amounted to approximately \$7.2, \$8.4 and \$8.7 million, respectively.

Management's Discussion and Analysis
June 30, 2021 and 2020

Comparative Analysis of Fiscal Years 2021 and 2020

In 2021, the University's operating expenses decreased by \$12.7 million, or 16.4 percent. The decrease is due to a decrease of \$11.4 million in compensation, primarily driven by a decrease in pension (GASB 68) expense, an increase in supplies and other services of \$1.4 million, a decrease in scholarships and fellowships of \$0.3 million, an increase in depreciation of \$0.2 million and an increase in utility expense of \$0.2 million.

Operating Expenses

Comparative Analysis of Fiscal Years 2020 and 2019

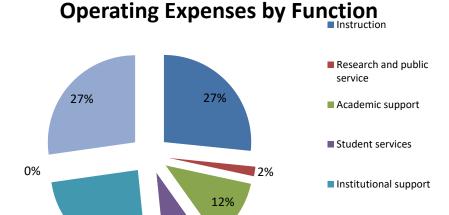

In 2020, the University's operating expenses increased by \$0.8 million, or 1.0 percent. The increase is due to an increase of \$2.4 million in scholarships related to the CARES Act grants to students, an increase of \$0.7 million in compensation, a decrease of \$2.0 million in supplies, a decrease of \$0.1 million in depreciation and a decrease of \$0.2 million in utilities.

Management's Discussion and Analysis
June 30, 2021 and 2020

Analysis of Educational and General Operating Expenses By Functional Classification June 30, 2021

(In millions)

The following is a graphic illustration of educational and general operating expenses at June 30, 2021.

Missouri Western continues to invest a high proportion of its total expenditures in instruction and other activities that specifically support students and the community. Instruction, Research and Public Service, Student Services, Scholarships, and Academic Support combined represent 76 percent of total educational and general expenses. Institutional Support, 24 percent, makes up the remainder.

24%

Operation and maintenance

Scholarships

Management's Discussion and Analysis June 30, 2021 and 2020

Cash Flows

The Statements of Cash Flows provides a view of the sources and uses of the University's cash resources. Comparative summary statements of cash flows for the years ended June 30, 2021, 2020 and 2019 are as follows:

Cash Flows Year Ended June 30

(In millions)

	2021	2020	2019
Cash Provided by (Used in)			
Operating activities	\$ (26.9)	\$ (28.9)	\$ (27.7)
Noncapital financing activities	41.1	36.1	31.3
Capital and related financing activities	(10.1)	(6.7)	(5.4)
Investing activities	0.0	 0.2	 0.3
Change in Cash and Cash Equivalents	4.1	0.7	(1.5)
Cash and Cash Equivalents, Beginning of Year	 10.4	 9.7	11.2
Cash and Cash Equivalents, End of Year	\$ 14.5	\$ 10.4	\$ 9.7

Comparative Analysis of Fiscal Years 2021 and 2020

Cash and cash equivalents at June 30, 2021 were \$14.5 million, which was an increase of \$4.1 million from 2020. The increase in cash and cash equivalents is attributable to a decrease in tuition and fees, a decrease in payments to employees and other payments, an increase in state and local grants, a decrease in contributions, an increase in the purchase of capital assets and an increase in capital gifts received.

During 2021, cash used in operating activities was \$26.9 million which was an increase of \$2.0 million. This was a result of receipts from tuition and fees, grants and contracts and auxiliary enterprise charges less payments to employees and suppliers. Cash provided by noncapital financing activities, primarily state appropriations, federal grants and state and local grants was \$36.9 million and \$4.2 million in contributions. Cash used for capital and related financing activities increased by \$3.9 million, which consisted of the purchases of capital assets of \$9.0 million, capital gifts recognized of \$0.5 million and state capital appropriations of \$2.0 million for the year. The payment of debt service for 2021 was \$4.1 million for principal and interest. Investing activities amounted to a decrease of \$0.02 million, which primarily were the result of low interest rates on bank funds.

Management's Discussion and Analysis
June 30, 2021 and 2020

Comparative Analysis of Fiscal Years 2020 and 2019

Cash and cash equivalents at June 30, 2020 were \$10.4 million, which was an increase of \$0.7 million from 2019. The increase in cash and cash equivalents is primarily attributable to an increase in contributions.

During 2020, cash used in operating activities was \$28.9 million which was an increase of \$1.2 million. This was a result of receipts from tuition and fees, grants and contracts and auxiliary enterprise charges less payments to employees and suppliers. Cash provided by noncapital financing activities, primarily state appropriations and federal grants, was \$30.8 million and \$5.3 million in contributions. Cash used for capital and related financing activities increased by \$1.3 million, which consisted of the purchases of capital assets of \$4.3 million, capital gifts recognized of \$1.6 million and no state capital appropriations for the year. The issuance and payment of debt service for 2020 was \$4.0 million, including principal and interest. Investing activities amounted to a decrease of \$0.1 million, which primarily were the result of low interest rates on bank funds.

Missouri Western State University Foundation, Inc.

Missouri Western State University Foundation, Inc. is a not-for-profit organization incorporated in the State of Missouri on December 19, 1968. The Foundation's principal activity is to obtain contributions, which include cash and other assets, for the support and assistance of Missouri Western State University and its faculty and students. A copy of the Foundation's annual financial report can be obtained by sending a written request to the Missouri Western State University Foundation, 4525 Downs Drive, St. Joseph, Missouri 64507.

The University has included financial information of the Missouri Western State University Foundation, Inc. in this report as required by the Governmental Accounting Standards Board Statement No. 39, *Determining Whether Certain Organizations are Component Units*. GASB No. 39 requires reporting, as discretely presented component units, organizations that raise and hold economic resources for the direct benefit of the University.

Acknowledgements

The University's financial statements are the responsibility of the University's management. The timely preparation of the University's financial statements was made possible by the dedicated service of the Accounting Office personnel and others who have our sincere appreciation.

Notes to Financial Statements June 30, 2021 and 2020

Note 1: Nature of Operations and Summary of Significant Accounting Policies

Nature of Operations and Reporting Entity

Missouri Western State University (the University) is a public, state-supported institution providing a blend of traditional liberal arts and sciences and career-oriented degree programs. The University is a component unit of the State of Missouri. The University is authorized under Missouri statute to offer associate, baccalaureate and graduate degrees as well as certificate programs. Professional programs, programs for transfer students, continuing education opportunities and self-enrichment courses are also offered. Missouri Western State University has an enrollment of approximately 4,717 undergraduate students and approximately 194 graduate students. The University has oncampus student housing that can accommodate approximately 26 percent of the undergraduate student body.

The predecessor to Missouri Western State University, St. Joseph Junior College, was organized in 1915 as an integral part of the city public school system. An independent junior college district involving 11 school districts was organized in 1965. Also, in 1965, the Missouri State Legislature enacted legislation creating Missouri Western State University, which, when combined with St. Joseph Junior College, constituted a four-year State University. In 1969, the College moved to the present campus, which now comprises 723 acres. The College became a fully funded state institution on July 1, 1977. Effective August 28, 2005, the College changed its name to Missouri Western State University.

The University participates in the Federal Student Financial Aid Program and the University extends unsecured credit to students.

Missouri Western State University Foundation, Inc. (the Foundation) is a legally separate, tax-exempt component unit of the University. The Foundation's primary function is to raise and hold funds to support the University and its programs. The board of the Foundation is self-perpetuating and consists of graduates and friends of the University.

Although the University does not control the timing or amount of receipts from the Foundation, the majority of the Foundation's resources and related income are restricted by donors for the benefit of the University. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the University, the Foundation is considered a component unit of the University and is discretely presented in the University's financial statements in accordance with GASB standards.

Complete financial statements of the Foundation may be obtained from its Administrative Office at the following address: 4525 Downs Drive, Spratt Hall 110, Saint Joseph, Missouri 64507.

Notes to Financial Statements June 30, 2021 and 2020

The Foundation is a private nonprofit organization that reports under Financial Accounting Standards Board (FASB) standards, including ASC Topic 958, *Financial Reporting for Not-for-Profit Organizations*. As such, certain revenue recognition criteria and presentation features are different from revenue recognition criteria and presentation features required under pronouncements of the Governmental Accounting Standards Board (GASB). No modifications have been made to the Foundation's statements in the University's financial reporting for these differences. See *Note 10* for discussions regarding the Foundation's accounting policies and other disclosures.

Basis of Accounting and Presentation

The financial statements of the University have been prepared on the accrual basis of accounting. Revenues, expenses, gains, losses, assets, liabilities and deferred inflows and outflows of resources from exchange and exchange-like transactions are recognized when the exchange transaction takes place, while those from government-mandated non-exchange transactions (principally federal and state grants and state appropriations) are recognized when all applicable eligibility requirements are met. Internal activity and balances are eliminated in preparation of the financial statements unless they relate to services provided and used internally. Operating revenues and expenses include exchange transactions and program-specific, government-mandated non-exchange transactions. Government-mandated non-exchange transactions that are not program specific (such as state appropriations), investment income and interest on capital asset-related debt are included in non-operating revenues and expenses. The University first applies restricted net position when an expense or outlay is incurred for purposes for which both restricted and unrestricted net positions are available.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and deferred inflows and outflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses and other changes in net position during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The cash and cash equivalents represent balances at Citizens Bank & Trust (trustee). Cash and cash equivalents include amounts in demand deposits.

Restricted Cash and Cash Equivalents

Restricted cash and cash equivalents consist of reserve funds for unusual and extraordinary repairs and replacements to housing system facilities and cash held on behalf of others.

Notes to Financial Statements June 30, 2021 and 2020

Accounts Receivable

Accounts receivable consists of tuition and fee charges to students, charges for auxiliary enterprise services provided to students and other receivables. Accounts receivable is recorded net of estimated uncollectible amounts.

Deferred Outflows of Resources

The University reports the consumption of net position that relates to future reporting periods as deferred outflows of resources in a separate section of its statements of net position. The University's deferred outflows include deferred losses on defeasance of bonds, OPEB benefit items under GASB 75 and certain pension items requiring deferral under GASB 68.

Deferred Inflows of Resources

The University's financial statements report a separate section for deferred inflows of resources. This separate financial statement element reflects the acquisition of net position that relates to a future reporting period. Deferred inflows of resources include OPEB items under GASB 75 and certain pension items requiring deferral under GASB 68.

Capital Assets

Capital assets are recorded at cost at the date of acquisition, or acquisition value at the date of donation if acquired by gift. Depreciation is computed using the straight-line method over the estimated useful life of each asset. The following estimated useful lives are being used by the University:

Land improvements	15 years
Buildings and improvements	15-60 years
Furniture, fixtures and equipment	3-10 years
Library materials	10 years

Compensated Absences

University policies permit most employees to accumulate vacation benefits that may be realized as paid time off or as a cash payment upon termination. Expense and the related liability are recognized as vacation benefits are earned whether the employee is expected to realize the benefit as time off or in cash. Sick leave benefits expected to be realized as paid time off are recognized as expense when the time off occurs, and no liability is accrued for such benefits that employees have earned but not yet realized. Compensated absence liabilities are computed using the regular pay and termination pay rates in effect at the statement of net position date.

Notes to Financial Statements June 30, 2021 and 2020

Unearned Revenue

Unearned revenue at June 30, 2021 consists of unearned student fees of \$504,596 and Aramark unearned revenue of \$1,396,800. Unearned revenue at June 30, 2020 consists of unearned student fees of \$1,165,606 and Aramark unearned revenue of \$1,687,227 and other unearned revenue of \$104,430.

Deferred Loss on Bond Refunding

During fiscal year 2013, the University issued Auxiliary System Refunding Revenue Bonds, Series 2012, which resulted in a partial refunding of the University's 2003 Series Bonds of \$19,475,000. The partial refunding resulted in a deferred accounting loss, which is being amortized over the remaining life of the deferred 2003 bonds. The University's unamortized deferred loss was \$842,190 and \$917,052 at June 30, 2021 and 2020, respectively, and is included as a deferred outflow of resources in the statements of net position. The amortization is recorded as a component of interest expense.

Net Position

Net position of the University is classified in three components. Net investment in capital assets consists of capital assets net of accumulated depreciation and reduced by the outstanding balances of borrowings used to finance the purchase or construction of those assets. Restricted expendable net position is made up of noncapital assets that must be used for a particular purpose as specified by creditors, grantors or donors external to the University, including amounts deposited with trustees as required by bond indentures, reduced by the outstanding balances of any related borrowings. Unrestricted net position is the remaining net position that does not meet the definition of net investment in capital assets, or restricted.

Classification of Revenues

The University has classified its revenues as either operating or non-operating revenues according to the following criteria:

Operating revenues – Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship allowances, (2) sales and services of auxiliary enterprises and (3) interest on student loans.

Non-operating revenues – Non-operating revenues include activities that have the characteristics of non-exchange transactions, such as gifts and contributions, and other revenue sources that are defined as non-operating revenues by GASB No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Government Entities That Use Proprietary Fund Accounting* and GASB No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, such as state appropriations and interest income.

Notes to Financial Statements
June 30, 2021 and 2020

Scholarship Discounts and Allowances

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship allowances in the statements of revenues, expenses and changes in net position. Scholarship allowances are the difference between the stated charge for goods and services provided by the University, and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, are recorded as non-operating revenues and other governmental grants are recorded as operating revenues in the University's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the University has recorded a scholarship allowance. The scholarship allowances on tuition and fees for the years ended June 30, 2021 and 2020 was \$11,100,244 and \$12,137,643, respectively. The scholarship allowances on auxiliary enterprises for the years ended June 30, 2021 and 2020 was \$3,065,631 and \$2,978,141, respectively.

Income Taxes

As a state institution of higher education, the income of the University is generally exempt from federal and state income taxes under Section 115(a) of the Internal Revenue Code and a similar provision of state law. However, the University is subject to federal income tax on any unrelated business taxable income.

New Accounting Pronouncements

The University adopted Governmental Accounting Standards Board Statements No. 84, Fiduciary Activities, and No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans in the year ended June 30, 2021. The implementation of these standards had no effect on the financial statements.

Note 2: Deposits, Investments and Investment Income

Deposits

Custodial credit risk is the risk that, in the event of a bank failure, an entity's deposits may not be returned to it. The University's deposit policy for custodial credit risk requires compliance with the provisions of state law.

State law requires collateralization of all deposits with federal depository insurance; bonds and other obligations of the U.S. Treasury, U.S. agencies or instrumentalities or the State of Missouri; bonds of any city, county, school district or special road district of the State of Missouri; bonds of any state; or a surety bond having an aggregate value at least equal to the amount of the deposits.

Notes to Financial Statements June 30, 2021 and 2020

The University had no bank balances exposed to custodial credit risk at June 30, 2021 or 2020.

Investments

The University may legally invest in direct obligations of and other obligations guaranteed as to principal by the U.S. Treasury and U.S. agencies and instrumentalities and in bank repurchase agreements. It may also invest to a limited extent in corporate bonds and equity securities. The University had no investments meeting these criteria at June 30, 2021 or 2020.

Custodial Credit Risk

Custodial credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. The University had no investments exposed to custodial credit risk at June 30, 2021 or 2020. The University's investment policy currently addresses custodial credit risk by requiring 110 percent collateralization on all investments.

Summary of Carrying Values

The carrying values of deposits and investments shown below are included in the statements of net position as follows:

	2021	2020
Carrying value Deposits	\$ 14,544,923	\$ 10,414,713
Total	\$ 14,544,923	\$ 10,414,713

Auxiliary System Revenue Bonds, Series 2018

On October 1, 2018, the University issued \$3,765,000 in Series 2018 Auxiliary Revenue Refunding Bonds, with an average interest rate of 3.53 percent to current refund \$4,420,000 of the Series 2008 Auxiliary Revenue Bonds, with interest rates of 3 percent to 5 percent. The Series 2008 Revenue Bonds were used for the construction and renovation of certain athletic facilities. Bond proceeds, funds from the University's Series 2008 reserve account, University funds and the October principal and interest payment for a total of \$4,580,025 were deposited into an escrow account with Commerce Bank (Trustee) for defeasance of the prior bond and to pay issuance costs for the Series 2018 Bonds. The University completed the refunding to reduce its total debt service requirements by \$1,327,992 over the next 17 years and to obtain an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$273,848. The bonds will be fully paid by October 1, 2029.

Notes to Financial Statements
June 30, 2021 and 2020

Auxiliary System Revenue Bonds, Series 2015

The Board of Governors authorized the University to issue the Auxiliary System Revenue Bonds, Series 2015 dated July 9, 2015 in the amount of \$13,665,000. The proceeds were used to fully redeem the remaining portion of the Auxiliary Refunding and Improvement Bonds, Series 2010A as a current refunding. The Series 2015 Bonds mature on October 1 of each year through 2035, in amounts varying from \$490,000 to \$2,495,000, at interest rates ranging from 2.0 percent to 3.875 percent. Interest payments are payable semiannually. The bonds are secured by the net revenues available for debt service of the University and other funds pledged to the payment of the bonds.

Auxiliary System Refunding and Improvement Revenue Bonds, Series 2012

The Board of Governors authorized the University to issue the Auxiliary System Refunding and Improvement Revenue Bonds, Series 2012 dated November 8, 2012 in the amount of \$20,840,000. The proceeds were used to defease a portion of the Auxiliary Refunding and Improvement Bonds, Series 2003. The Series 2012 Bonds mature on October 1 of each year through 2033, in amounts varying from \$265,000 to \$1,485,000, at interest rates ranging from 0.7 percent to 3.55 percent. Interest payments are payable semiannually. The bonds are secured by the net revenues available for debt service of the University and other funds pledged to the payment of the bonds.

Auxiliary System Refunding and Improvement Revenue Bonds, Series 2010-B Taxable Build America Bonds

The Board of Governors authorized the University to issue the Auxiliary System Refunding and Improvement Revenue Bonds, Series 2010-B. The proceeds of \$15,000,000 from the Series 2010-B Bonds were used for the construction of a new residential hall and other improvements. The bonds mature on October 1 of each year through 2036, in amounts varying from \$375,000 to \$900,000, at interest rates ranging from 1.75 percent to 6.75 percent. Interest payments are payable semiannually. The bonds are secured by the net revenues available for debt service of the University and other funds pledged to the payment of the bonds.

Notes to Financial Statements June 30, 2021 and 2020

The debt service requirements of the bonds payable as of June 30, 2021 are as follows:

Year Ending June 30	Total to be Paid	Principal	Interest
2022	\$ 3,973,509	\$ 2,335,000	\$ 1,638,509
2023	3,970,279	2,410,000	1,560,279
2024	3,955,994	2,480,000	1,475,994
2025	3,941,245	2,555,000	1,386,245
2026	3,930,786	2,640,000	1,290,786
2027 - 2031	18,726,607	13,890,000	4,836,607
2032 - 2037	17,335,981	15,545,000	1,790,981
	\$ 55,834,401	\$ 41,855,000	\$ 13,979,401

A comparison of pledged revenue for the payment of the bonds recognized for the years ended June 30, 2021 and 2020 to the principal and interest requirements of the bonds for those periods is as follows:

	2021			2020		
	_		_			
Pledged revenue recognized	\$	4,423,697	\$	4,622,796		
Principal and interest requirement		3,547,740		3,507,523		

The University owns and operates the Auxiliary System (the "System") serving the University and its students. The System presently includes the following facilities:

Housing and Dining Facilities: Two suite complexes, three apartment-style complexes, a living center, having an aggregate of 1,257 residential spaces, a Student Commons building and the Student Union Building. Dining options includes Western Dining Hall which features an all-you-can-eat buffet and the Student Union food court that features Chick-fil-A, Subway and Zoca. Other options on campus include the POD, Einstein Bros. Bagels, Grill at Max's Mart and a Starbucks coffee shop.

<u>Recreational Facilities</u>: A 12,000 square foot recreational and fitness building, tennis courts, basketball courts, softball fields, swimming pool, Frisbee golf course, jogging trail and other recreational and fitness facilities.

Sources of income included in the revenues of the System are room and board charges, commissions for operation of the University Bookstore, income from laundry vending operations, commissions from food service catering, revenue from nonresidential rentals of residence hall space for meetings and conferences and investment income earned on unexpended proceeds from operations.

Notes to Financial Statements June 30, 2021 and 2020

Management believes that the University complied with all the restrictive covenants of bond agreements. The Auxiliary System produced net operating revenues in the fiscal year ended June 30, 2021 at 129 percent of the year's bond service requirements, exceeding the 110 percent as required by the bond debt covenants.

Additionally, the University has established and maintained a repair and replacement reserve fund with a balance of \$300,000 at June 30, 2021 and 2020. This fund is to be used to pay the cost of unusual and extraordinary repairs and replacements to housing system facilities.

Capital Leases

The debt service requirements for the capital leases as of June 30, 2021 are as follows:

Year Ending June 30	to	Total to be Paid		rincipal	I	nterest
2022	\$	545,399	\$	442,132	\$	103,267
2023		537,302		449,733		87,569
2024		489,786		416,173		73,613
2025		489,786		427,902		61,884
2026		489,786		439,963		49,823
2027-2032		1,687,966		1,590,159		97,807
	\$	4,240,025	\$	3,766,062	\$	473,963

The University entered into a capital lease energy saving project with Schneider Electric, a global specialist in energy management in FY16. The beginning total of principal and interest for this project is \$5,448,920 that is financed by US Bancorp. Schneider Electric has guaranteed energy savings of \$7,335,635 which would show a positive net financial impact for the University of \$1,666,238 over the 15-year period. This project was completed in FY16 and it spanned 27 facilities, and incorporated a variety of energy efficiency upgrades to enhance classroom and building comfort, while reducing energy consumption through lighting retrofits, building automation systems, building sub-metering, water fixture retrofits, various building envelope improvements and mechanical upgrades. The total principal and interest outstanding at June 30, 2021 is \$3,559,126. The total amount of accumulated depreciation that has been recorded since 2016 is \$1,797,385, with depreciation expense of \$337,010 in 2021.

The University entered into a capital lease for a John Deere 1550 Terrain Cut Mower and Deck on July 1, 2017 for a total cost of \$20,888. The Mower and Deck is used for mowing the campus grounds. The total principal and interest outstanding at June 30, 2021 is \$4,705. The total amount of accumulated depreciation that has been recorded since 2017 is \$11,936, with depreciation expense of \$2,984 in 2021.

Notes to Financial Statements June 30, 2021 and 2020

The University has entered into a capital lease for a New Holland L228 Skid Loader on February 14, 2019 for a total cost of \$45,722. The Skid Loader will be used for snow removal, dirt work, grinding and various other projects around the campus. The total principal and interest outstanding at June 30, 2021 is \$20,382. The total amount of accumulated depreciation that has been recorded since 2019 is \$15,409, with depreciation expense of \$6,604 in 2021.

The University has also entered into a capital lease financed by US Bancorp in FY20 for the replacement of HVAC fume hoods in Remington Hall on September 10, 2019 for a total cost of \$700,000. The total principal and interest outstanding at June 30, 2021 is \$577,769. The total amount of accumulated depreciation that has been recorded since 2020 is \$87,205, with depreciation expense of \$49,831 in 2021.

The University entered into a capital lease financed by the Lease Servicing Center, Inc. in FY20 for Baker Fitness Equipment on February 4, 2020 for a total cost of \$111,317. The total principal and interest outstanding at June 30, 2021 is \$78,043. The total amount of accumulated depreciation that has been recorded since 2020 is \$15,770, with depreciation expense of \$11,132 in 2021.

Note 5: Retirement Plan and Net Pension Liability

General Information about the Pension Plans

The University participates in the Missouri State Employees' Retirement System (MOSERS), a cost-sharing, multiple-employer defined benefit public employee retirement system. MOSERS is administered by an 11-member board of trustees. A publicly available financial report that includes the financial statements and required supplementary information is issued. This report may be obtained by writing to Post Office Box 209, Jefferson City, Missouri 65102, or calling 573.751.2342.

MOSERS provides retirement and disability benefits, annual cost of living adjustments and death benefits to plan members and beneficiaries. Benefits are established by state statute which may be changed by the Missouri legislature with concurrence of the Governor.

Plan description. Benefit eligible employees of the University are provided with pensions through Missouri Employees' Plan (MSEP) – a cost-sharing, multiple-employer defined benefit pension plan(s) administered by MOSERS. The plans are referred to as MOSERS in the notes. Chapter 104.320 of the Revised Statutes of Missouri grants the authority to establish a defined benefit plan for eligible state and other related agency employees. MOSERS issues Annual Comprehensive Financial Report (ACFR), a publicly available financial report that can be obtained at www.mosers.org.

Notes to Financial Statements June 30, 2021 and 2020

Benefits provided. MOSERS provides retirement, disability and life insurance benefits to eligible employees. The base retirement benefits are calculated by multiplying the employee's final average pay by a specific factor multiplied by the years of credited service. The factor is based on the specific plan in which the employee participates, which is based on the employee's hire date. Information on the three plans administered by MOSERS (MSEP, MSEP 2000 and MSEP 2011 retirement plans) and how eligibility and the benefit amount is determined for each plan may be found in the Notes to the Financial Statements of MOSERS' ACFR.

Contributions. Per Chapter 104.436 of the Revised Statutes of Missouri, contribution requirements of the active employees and the participating employers are established and may be amended by the MOSERS board. Employees in the MSEP 2011 Plan are required to contribute 4.0 percent of their annual pay. The University's required contribution rates for the years ended June 30, 2021 and 2020, were 22.88 percent and 21.77 percent, respectively, of annual payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Contributions to the pension plan from the University were \$3,843,111 and \$4,140,013 for the years ended June 30, 2021 and 2020, respectively.

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2021 and 2020, the University reported a liability of \$60,345,221 and \$63,881,653, respectively, for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020 and 2019, respectively, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

The University's proportion of the net pension liability was based on the University's actual share of contributions to the pension plan relative to the actual contributions of all participating employers for MOSERS plan years ended June 30, 2020 and 2019. At the June 30, 2020 measurement date, the University's proportion was 0.9507 percent, a decrease from its proportion measured using 1.0574 percent as of the June 30, 2019 measurement date. At the June 30, 2019 measurement date, the University's proportion was 1.0574 percent, a decrease from its proportion measured using 1.0668 percent as of the June 30, 2018 measurement date.

There were no changes in benefit terms during the MOSERS plan year ended June 30, 2020, that affected the measurement of total pension liability.

Notes to Financial Statements June 30, 2021 and 2020

For the year ended June 30, 2021, the University recognized pension expense of \$7,008,951. At June 30, 2021, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		rred Inflows Resources	Deferred Outflows of Resources		
Differences between expected and actual experience	\$	626,788	\$	27,329	
Changes of assumptions		-		1,594,983	
Net difference between projected and actual investment earnings and actual pension plan investments Changes in proportion and differences between University		-		3,203,763	
contributions and proportionate share of contributions		4,059,457		- 2 042 111	
University contributions subsequent to the measurement date of June 30, 2020		<u>-</u>		3,843,111	
Total	\$	4,686,245	\$	8,669,186	

For the year ended June 30, 2020, the University recognized pension expense of \$12,839,485. At June 30, 2020, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	 rred Inflows Resources	Deferred Outflows of Resources		
Differences between expected and actual experience	\$ 742,592	\$	54,465	
Changes of assumptions	-		2,552,527	
Net difference between projected and actual investment earnings and actual pension plan investments Changes in proportion and differences between University	-		4,959,782	
contributions and proportionate share of contributions	300,266		25,909	
University contributions subsequent to the measurement date of June 30, 2019			4,140,013	
Total	\$ 1,042,858	\$	11,732,696	

At June 30, 2021, there was \$3,843,111 reported as deferred outflows of resources related to pensions resulting from the University's contributions subsequent to the measurement date that will be recognized as a reduction of the net pension liability in the year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in the University's fiscal year following MOSERS' fiscal year as follows:

2021	\$ 146,533
2022	(906,388)
2023	619,403
2024	 280,282
	\$ 139,830

Notes to Financial Statements June 30, 2021 and 2020

Actuarial assumptions. The total pension liability in the June 30, 2020 and 2019 actuarial valuations, which are also the dates of measurement for GASB 68 purposes, was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	2020	2019
Price Inflation	2.25 percent	2.35 percent
Salary Increases	2.25 percent to 8.25 percent including inflation	2.85 percent to 8.35 percent including inflation
Wage Inflation	2.25 percent	2.35 percent
Investment Rate of Return	6.95 percent, compounded annually, net after investment expenses and including inflation	7.10 percent, compounded annually, net after investment expenses and including inflation

The actuarial assumptions used in the June 30, 2020 valuation was based on the results of the most recent complete actuarial experience study, which covered the five-year period ended June 30, 2015. In addition, the investment return assumption was reduced from 7.10 percent to 6.95 percent for the June 30, 2020 valuation. Other assumption changes were decreases in the payroll and wage growth assumptions.

Mortality: Mortality rates for post-retirement mortality is based on the RP-2014 Healthy Annuitant mortality table, projected to 2026 with Scale MP-2015 and scaled by 120 percent. The preretirement mortality table used is the RP-2014 Employee mortality table, projected to 2026 with Scale MP-2015 and scaled by 95 percent for males and 90 percent for females.

Notes to Financial Statements June 30, 2021 and 2020

Long-term investment rate of return: The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates rates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in MOSERS target asset allocation as of June 30, 2021 are summarized in the following table:

Asset Class	Policy Allocation	Long-term Expected Real Rate of Return*	Weighted Average Long-Term Expected Real Rate of Return
Global public equities	30.0%	5.8%	2.3%
Global private equities	15.0%	7.4%	1.4%
Long treasuries	25.0%	1.6%	0.9%
Core bonds	10.0%	1.2%	0.3%
Commodities	5.0%	3.6%	0.3%
TIPS	25.0%	80.0%	0.7%
Private real assets	5.0%	5.2%	0.3%
Public real assets	5.0%	5.8%	0.4%
Hedge funds	5.0%	2.9%	0.2%
Alternative beta	10.0%	3.4%	0.5%
Private credit	5.0%	7.6%	0.5%
Cash and cash equivalents**	-40.0%	-1.9%	0.0%
	100.0%		7.8%
Correlation/Volat	tility Adjustment		-0.6%
Long-term Expec	ted Net Nominal R	eturn	7.2%
Less: Investment	Inflation Assumpti	on	-1.9%
	ted Geometric Net		5.3%

^{*}Long-term expected arithmetic returns of the asset classes at the time of the asset allocation study for each portfolio.

^{**}Cash and cash equivalents policy allocation amounts are negative due to use of leverage.

Notes to Financial Statements June 30, 2021 and 2020

Discount rate. The discount rate used to measure the total pension liability at June 30, 2021 and 2020 was 6.95 percent and 7.10 percent, respectively. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from employers will be made at required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the University's proportionate share of the net pension liability to changes in the discount rate. The following presents the University's proportionate share of the net pension liability calculated using the discount rate of 6.95 percent, as well as what the University's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.95 percent) or 1-percentage-point higher (7.95 percent) than the current rate:

	1% Decrease 5.95%	D	Current iscount Rate 6.95%	1% Increase 7.95%
University's proportionate share of net pension liability	\$ 75,560,854	\$	60,345,221	\$ 47,547,689

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued MOSERS comprehensive annual financial report, available at www.mosers.org.

Payables to pension plan. As of June 30, 2021, the University payables of \$39,335 to MOSERS due to the timing of two bi-weekly payroll periods, one that started June 13, 2021 and ended June 26, 2021 and another that was a four day accrual that started June 27, 2021 and ended July 10, 2021. The \$39,335 was the portion of MOSERS allocated to June 30, 2021 but not paid until July 2, 2021 and July 16, 2021. As of June 30, 2020, the University payables of \$34,425 to MOSERS due to the timing of two bi-weekly periods, one that started June 14, 2020 and ended June 27, 2020, and another that was a three day accrual that started June 28, 2020 and ended July 11, 2020. The \$34,525 was the portion of MOSERS allocated to June 30, 2020 but not paid until July 3, 2020 and July 17, 2020.

Notes to Financial Statements
June 30, 2021 and 2020

CURP

Beginning July 1, 2002, in accordance with Section 104.1200 through 104.1215 of the Revised Statues of Missouri, all full-time faculty are enrolled in the College and University Retirement Plan (CURP) if they have not previously been enrolled in MOSERS. CURP is a noncontributory 401(a) defined contribution retirement plan for education employees at regional colleges/universities in Missouri that uses MOSERS as its third-party administrator. CURP provides a retirement program that offers interstate portability, immediate vesting and no minimum service requirement. Contributions made by the University are self-directed by participants into their selected individual accounts. By law, the CURP contribution rate is equal to 1 percent less than the normal cost contribution rate of the Missouri State Employees' Plan 200 (MSEP 200). After participating in CURP for at least six years, a faculty member may elect to become a member of MOSERS.

The University is required to contribute at an actuarially determined rate; the rate was 6.00 percent of annual covered payroll for 2021, 2020 and 2019, respectively. The University's contributions to the plan for the years ended June 30, 2021, 2020 and 2019 were \$449,647, \$560,513 and \$523,442, respectively, which equaled the required contributions for each year.

Note 6: Postemployment Healthcare Plan

Plan Description

The University provides a one-time opportunity for retirees to continue medical insurance coverage. Retirees who elect to continue medical insurance are required to pay monthly premiums. Monthly premiums for participating retirees under 65 years of age are provided at the same rate as regular employees. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75. The Plan is considered a single-employer plan.

Benefits Policy

The OPEB Plan provides medical and prescription drug benefits to eligible retirees and their dependents. Benefits are provided through a third-party insurer, and retirees contribute premiums ranging between \$679 to \$766 monthly for a single person or \$1,669 to \$1,884 for retiree and family. Employees who retire before reaching the age 65 will have their insurance continued until the earlier of the date the plan is canceled or until their 65th birthday.

Notes to Financial Statements June 30, 2021 and 2020

Employees Covered by Benefit Terms

At June 30, 2021 and 2020, the following employees were covered by the benefit terms:

	2021	2020
Inactive employees or beneficiaries currently receiving		
benefit payments	6	16
Inactive employees entitled to but not yet receiving		
benefit payments	162	162
Active employees	414	414
	582	592

Total OPEB Liability

The University's total OPEB liability of \$1,286,460 and \$1,267,372 was measured as of June 30, 2021 and 2020, respectively, for the years then ended, and was determined by an actuarial valuation as of June 30, 2020 and June 30, 2019. Standard update procedures were used to roll-forward the total OPEB liability to June 30, 2021 and 2020.

The total OPEB liability in the June 30, 2021 and 2020 actuarial valuations were determined using the following actuarial assumptions, applied to all periods included in the measurement:

	2021	2020
Inflation	2.30%	2.30%
Discount rate	2.16%	2.21%
Salary increases	2.00%	2.00%
Health care cost trend rates	4.8% for 2020, gradually decreasing to an	6.3% for 2019, gradually decreasing to an
	ultimate rate of 3.7% for 2073 and beyond	ultimate rate of 3.7% for 2073 and beyond

The discount rate used for the plan was the 20-year, tax-exempt general obligation municipal bonds with a rating of AA/Aa or higher.

Mortality rates were based on the Pub-2010 trended back eight years using scale MP-2019 and projected generationally for the year ended June 30, 2021. Mortality rates were based on the Pub-2010 trended back eight years using scale MP-2019 and projected generationally for the year ended June 30, 2020.

Notes to Financial Statements June 30, 2021 and 2020

The University's annual OPEB cost, employer contributions, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation for June 30 are as follows:

Changes in Total OPEB Liability

	2021	2020
Balance, beginning of year	\$ 1,267,372	\$ 1,164,776
Service cost	52,221	38,819
Interest	28,400	40,896
Changes in assumptions or other inputs	7,879	93,781
Benefit payments	(69,412)	(70,900)
Net changes	19,088	102,596
Balance, end of year	\$ 1,286,460	\$ 1,267,372

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate and Health Care Cost Trend Rates

The total OPEB liability of the University has been calculated using a discount rate of 2.16 percent. The following presents the total OPEB liability using a discount rate 1 percent higher and 1 percent lower than the current discount rate.

			Current	
	Decrease 1.16%	Disc	count Rate 2.16%	Increase 3.16%
University's total OPEB liability	\$ 1,463,700	\$	1,286,460	\$ 1,143,475

The total OPEB liability of the University has been calculated using the current healthcare cost trend rates as well as what the University's total OPEB liability would be if it were calculated using trend rates that are 1 percent lower or 1 percent higher than the current trend rates.

	Healthcare Cost Trend					
	1%	Decrease		Rates	1%	Increase
University's total OPEB liability	\$	1,192,507	\$	1,286,460	\$	1,395,210

Notes to Financial Statements June 30, 2021 and 2020

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the years ended June 30, 2021 and 2020, the University recognized OPEB expense of \$97,629 and \$95,524, respectively. At June 30, 2021 and 2020, the University reported deferred outflows and deferred inflows of resources related to OPEB from the following source:

	2021			
		ed Outflows Resources		red Inflows esources
Differences between expected and actual experience Changes of assumptions	\$	- 158,168	\$	57,379 17,091
Total	\$	158,168	\$	74,470
		20 ed Outflows Resources		red Inflows esources
Differences between expected and actual experience Changes of assumptions	\$	184,836	\$	69,935 22,074
Total	\$	184,836	\$	92,009

Amounts reported as deferred inflows of resources at June 30, 2021, related to OPEB, will be recognized in OPEB expense as follows:

2022	\$ 17,008
2023	17,008
2024	17,008
2025	19,849
2026	12,140
Thereafter	 685
	\$ 83,698

Notes to Financial Statements
June 30, 2021 and 2020

Note 7: Commitments and Contingencies

Claims and Litigation

The University is currently involved in various claims and pending legal actions related to matters arising from the ordinary conduct of business. The University's administration believes the ultimate disposition of the actions will not have a material effect on the financial statements of the University.

Government Grants

The University is currently participating in numerous grants from various departments and agencies of the federal and state governments. The expenditures of grant proceeds must be for allowable and eligible purposes. Single audits and audits by the granting department or agency may result in requests for reimbursement of unused grant proceeds or disallowed expenditures. Upon notification of final approval by the granting department or agency, the grants are considered closed.

Risk Management

The University is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses, natural disasters and employee health and accidental benefits. Commercial insurance coverage is purchased for claims arising from such matters other than those related to general liability and workers' compensation.

Settled claims have not exceeded this commercial coverage in any of the three preceding years. Additional coverage is provided through the State Self Insurance program, through the Risk Management Division of the Department of Administration Services, in Jefferson City. The State of Missouri self-insures the workers' compensation benefits for all state employees, including University employees. Claims are administered by the Missouri Office of Administration, Risk Management Section.

Notes to Financial Statements June 30, 2021 and 2020

Note 8: Capital Projects

Land Improvements

Fiscal year 2021 land improvements included various parking lot repairs and storm sewer repairs at a cost of \$910,400.

Building Improvements

Fiscal year (FY) 2021 saw renovations that included a Touchless Proximity Security door access system for 18 buildings at a cost of \$1,863,366, the roof replacement completion of Wilson Hall at a cost in FY21 of \$110,577, the completion of relocating the Barnes and Noble Bookstore to the Hearnes Center at a cost of \$47,609 in FY21 and the Einstein Bros. Bagel refresh at a cost of \$49,192. Other repairs included the replacement of air handlers and chillers in Looney Complex, Blum Union, Fulkerson Center, and Popplewell, Eder, Potter, Wilson, Leah Spratt and Griffon Halls at a cost of \$3,857,795. Scanlon Hall received new carpet at a cost of \$319,401 and a new server was installed in Spratt Hall for \$133,401. Esports received new carpet and a new door at a cost of \$43,975.

Fiscal year 2020 saw numerous renovations that included the roof replacement of Scanlon Hall, Blum Union and the beginning of Wilson's Hall roof repair/replacement at a cost of \$739,499, the replacement of the Remington Hall and Agenstein Hall boilers at a cost of \$160,500 and the relocation of Barnes and Noble Bookstore from Blum Union to the Hearnes Center that began in April and finished in September 2020 at a cost of \$233,500. The Nursing Department applied for a grant for improvements to Murphy Hall that included new light fixtures, flooring, ceiling tile, painting, electrical additions, mechanical revisions and general bathroom facelifts at a cost of \$531,808.

Construction in Progress (CIP)

CIP includes a total of \$1,128,256 for projects that include: Potter Hall renovation architect fees of \$381,534 of which \$300,000 was funded equally by the State of Missouri and the MWSU Foundation; \$304,513 for painting of Scanlon Hall, \$239,210 for the roof replacement of Hearnes Center; and \$202,999 for the roof replacement of Murphy Hall.

Notes to Financial Statements June 30, 2021 and 2020

Note 9: Auxiliary System Condensed Financials

A segment is an identifiable activity for which one or more revenue bonds or other revenue backed debt instruments are outstanding. A segment has a specific identifiable revenue stream pledged in support of the revenue bonds or other revenue backed debt and has related expenses, gains and losses, assets and liabilities that can be identified.

The University has issued revenue bonds with the net revenues from the Auxiliary System pledged to pay the bond interest and principal. The Auxiliary System is comprised of University owned housing units, student centers, recreation and athletic facilities, bookstore and similar auxiliary enterprise units. Condensed financial statements for the Auxiliary System for fiscal years 2021 and 2020 are presented below.

Auxiliary System Condensed Statements of Net Position As of June 30, 2021 and 2020

Note 10: Missouri Western State University Foundation, Inc. - Accounting Policies and Disclosures

Investments and Investment Return

Investments include marketable equity securities, debt securities, hedge funds, mineral rights, money market funds and CDs. Investments in specific money market funds and CDs are reported at cost, which approximates fair value. Investments in marketable equity securities, debt securities, hedge funds and mineral rights are carried at fair value, with unrealized and realized gains and losses on investments reported as an increase or decrease in net assets without donor restrictions or net assets with donor restrictions based upon donor imposed restrictions.

Investment income is reported in the statements of activities as without donor restrictions or with donor restrictions based upon donor-imposed restrictions.

Notes to Financial Statements June 30, 2021 and 2020

The following is a summary of investment securities:

	2021	2020
Money market funds and CDs	\$ 683,307	\$ 1,031,511
Common stock and equity mutual funds	30,711,281	23,409,875

fixed income mutual funds	18,575,209	19,209,438
Total	\$ 49,969,797	\$ 43,650,824

Investment returns for the years ended June 30, 2021 and 2020 consist of the following:

	2021	2020
Investment income Net realized gains Net unrealized gains	\$ 876,677 4,010,293 4,905,077	\$ 1,070,734 142,999 1,084,107
Total investment return	\$ 9,792,047	\$ 2,297,840
Total investment fees	\$ 146,701	\$ 137,245

Fair Value Measurements

In determining fair value, the Foundation uses various valuation approaches within the ASC 820 fair value measurement framework. Fair value measurements are determined based on the assumptions that market participants would use in pricing an asset or liability.

ASC 820 establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs, by requiring that the most observable inputs be used when available. ASC Topic 820 defines levels within the hierarchy based on the reliability of inputs as follows:

- Level 1 Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets; and
- Level 2 Valuations based on quoted prices for similar assets or liabilities, or identical assets or liabilities in less active markets, such as dealer or broker markets; and

Notes to Financial Statements June 30, 2021 and 2020

Level 3 Valuations derived from valuation techniques in which one or more significant inputs, or significant value drivers, are unobservable, such as pricing models, discounted cash flow models and similar techniques not based on market, exchange, dealer or broker-traded transactions.

Following is a description of the valuation methodologies used for instruments measured at fair value and their classifications in the valuation hierarchy.

Investments

Securities listed on a national market or exchange are valued at the last sales price, or if there is no sale and the market is still considered active, at the last transaction price before year-end. Such securities are classified as Level 1 or 2 of the valuation hierarchy, dependent upon the liquidity of their respective markets.

Beneficial Interest in Perpetual Trusts

The fair value for beneficial interest in perpetual trusts was determined by calculating the Foundation's proportional share of the assets held in trust as determined by the trustee of the trust and is classified as Level 3 within the valuation hierarchy.

Notes to Financial Statements June 30, 2021 and 2020

Assets Measured on a Recurring Basis

The fair values of other assets and liabilities measured on a recurring basis, as of June 30, 2021 and 2020, are as follows:

		2021 Fair Value Measurements Using				
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

The Foundation had other equity interests of \$1,106,818, cash equivalents and CDs of \$683,307 carried at cost for the year ended June 30, 2021. The Foundation had other equity interest of \$1,106,818, cash equivalents and CDs of \$1,031,511 carried at cost for the year ended June 30, 2020.

Notes to Financial Statements June 30, 2021 and 2020

The following is a reconciliation of the beginning and ending balance of assets, measured at fair value on a recurring basis using significant unobservable (Level 3) input during the years ended June 30, 2021 and 2020.

	Beneficial Interest in Perpetual Trusts			
Balance, June 30, 2019	\$ 5,419,755			
Change in fair market value	(239,839)			
Balance, June 30, 2020	5,179,916			
Change in fair market value	844,948			
Balance, June 30, 2021	\$ 6,024,864			

Cash Surrender Value of Life Insurance

Various contributions are received specifically to be invested in life insurance policies covering selected students and patrons of Missouri Western State University. The Foundation is the owner and beneficiary of these policies. The annual increase in the cash surrender value of the policies is recorded as income with donor restrictions. Any proceeds from these policies are restricted for use on physical plant maintenance and major capital improvements.

Pledges Receivable

Pledges receivable are generally due within one to ten years and are stated at the pledged amount. The carrying amount of pledges receivable is reduced by the amount of a discount related to those pledges that are to be collected over a period longer than one year. Management has also established a valuation allowance that reflects management's best estimate of amounts that will not be collected, based on management's assessment of the collectability of specific donors' pledges and the aging of pledges receivable. All such pledges, or portions thereof deemed to be uncollectible, are written off to the allowance for uncollectible pledges.

Notes to Financial Statements June 30, 2021 and 2020

Included in pledges receivable are the following unconditional promises to give:

	2021	2020
Total pledges receivable Less allowance for uncollectible pledges Less unamortized discount	\$ 841,841 35,765 87,300	\$ 1,017,647 25,767 60,589
Net pledges receivable Less pledges receivable, current portion	718,776 271,554	931,291 375,890
Net pledges receivable, long-term	\$ 447,222	\$ 555,401
Amount due in Less than one year One to five years Six to ten years Thereafter	\$ 307,319 130,458 82,944 321,120	
	\$ 841,841	

Imputed discount rates of 0.87 percent and 2.06 percent were used in discounting long-term pledges receivable for 2021. Imputed discount rates of 0.29 percent and 1.41 percent were used in discounting long-term pledges receivable for 2020.

The Foundation has been notified that it is designated as a beneficiary of numerous trusts. These gifts are revocable and are not recognized within the accompanying financial statements due to their conditional nature.

Deferred Income

Revenues from memberships and future special events are recognized in the fiscal year to which the memberships relate or the special events occur. Memberships for the upcoming fiscal year are reported as deferred revenue at June 30 of the current year.

Other Equity Interests

During 2012, the Foundation purchased 45 Class A Units in a partnership that is carried at cost, defined as the lower of cost or fair market value. The carrying value of this equity interest totals \$450,000 at June 30, 2021 and 2020.

During 2013, the Foundation purchased a 7.69 percent ownership interest in a community based limited liability company. This investment is carried on the Foundation's books at cost, defined as the lower of cost or fair market value. The carrying value of this equity interest totals \$500,000 at June 30, 2021 and 2020.

Notes to Financial Statements June 30, 2021 and 2020

During 2014, the Foundation purchased a 0.07 percent ownership interest in a limited liability company that is carried at cost, defined as the lower of cost or fair market value. The carrying value of this equity interest totals \$0 and \$56,818 at June 30, 2021 and 2020, respectively.

During 2020, the Foundation purchased a 0.66 percent ownership interest in a limited liability company that is carried at cost, defined as the lower of cost or fair market value. The carrying value of this equity interest totals \$156,818 and \$100,000 at June 30, 2021 and 2020, respectively.

These equity investments are reviewed for impairment on an annual basis. Management does not believe there is any impairment at June 30, 2021 or 2020.

Net Assets

Financial statement presentation follows the recommendations of Accounting Standards Codification (ASC) 958-205, *Financial Statements of Not-for-Profit Organizations*. Under ASC 958-205, the Foundation is required to report information regarding its financial position and activities according to two classes of net assets. Net assets, revenues, gains and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions

Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for board-designated endowments.

Net Assets With Donor Restrictions

Net assets subject to donor- (or in certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Notes to Financial Statements June 30, 2021 and 2020

Nature and Amount of Net Assets With Donor Restrictions

Purpose restricted net assets are available for the following purposes:

	2021	2020
Scholarships Programmatic and departmental support Special programs	\$ 12,072,011 11,189,302 1,743,177	\$ 7,837,126 9,050,702 1,365,899
Total	\$ 25,004,490	\$ 18,253,727

Perpetually restricted net assets are available for the following purposes:

	2021	2020
Scholarships Academic departments Other	\$ 19,909,592 8,161,446 1,396,349	\$ 18,629,593 8,093,561 1,352,221
Total	\$ 29,467,387	\$ 28,075,375

Income Taxes

The Foundation is a not-for-profit organization exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. It is not considered to be a private foundation. The Foundation follows the standard for evaluating uncertain tax positions and has determined no liability should be recorded for uncertain tax positions.

Endowments

The Foundation's endowments consist of 196 funds established to support a variety of scholarships, programs and departments at the University. Its endowments consist of both donor-restricted endowment funds and funds designated by the board of directors (the board) to function as endowments. As required by U.S. GAAP, net assets associated with endowment funds, including funds designated by the board to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Notes to Financial Statements
June 30, 2021 and 2020

Interpretation of Relevant Law

The board of the Foundation has interpreted Missouri's enactment of the *Uniform Prudent Management of Institutional Funds Act* (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. Consequently, the Foundation classifies perpetually restricted net assets as:

- The original value of gifts donated to the permanent endowment, and
- The original value of subsequent gifts to the permanent endowment

The remaining portion of the donor-restricted endowment fund not classified as perpetually restricted is classified as purpose restricted net assets until those amounts are appropriated for expenditure by the Foundation's board.

Return Objectives and Risk Parameters

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to the programs supported by the endowments. The endowment assets are invested in a manner that is intended to produce results similar to the S&P 500 Index while assuming a moderate level of investment risk.

Spending Policy

The Foundation has a policy of appropriating for distribution each year 4 percent of the endowment fund's average balance using a five-year rolling average for program purposes. The Foundation policy also appropriates a 1.5 percent administrative fee based on the fiscal year-end endowment balance.

In establishing this policy, the Foundation considered the long-term expected returns on its endowment investments. Accordingly, over the long-term, the Foundation expects the current spending policy will allow its endowment to retain the original corpus of the gift.

Strategies Employed for Achieving Objectives

The Foundation relies on a total return strategy in which investment returns are achieved through capital appreciation and current yield (interest and dividends). The Foundation targets a diversified asset allocation that emphasizes fixed income securities to achieve its long-term objectives within prudent risk constraints.

Related Parties

During the years ended June 30, 2021 and 2020, the Foundation paid the University \$311,080 and \$370,930, respectively, for use of office space, telephones, postage, printing, publications, and a portion of the salaries of staff and students employed by the University. Included in accounts payable at June 30, 2021 and 2020 was \$174,148 and \$117,784, respectively, due to the University.

Notes to Financial Statements June 30, 2021 and 2020

Liquidity and Availability

The Foundation regularly monitors liquidity required to meet its operating needs and other contractual commitments, while also striving to maximize the investment of its available funds. The Foundation has various sources of liquidity at its disposal, including cash and cash equivalents, investments, pledges receivable, notes receivable, and interest, dividend and other receivables.

In addition to financial assets available to meet general expenditures over the next 12 months, the Foundation operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources.

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the balance sheet date, comprise the following:

	2021	2020
Cash and cash equivalents Investments	\$ 2,261,096 49,969,797	\$ 1,376,582 43,650,824

The Foundation's endowment funds consist of donor-restricted endowments and funds designated by the board as endowments. Income from donor-restricted endowments is restricted for specific purposes, with the exception of amounts available for general use. Donor-restricted endowment funds are not available for general expenditure.

Although the Foundation does not intend to spend from the board-designated endowment, these amounts could be made available if necessary.

Notes to Financial Statements June 30, 2021 and 2020

Note 11: COVID-19 Pandemic

As a result of the spread of the SARS-CoV-2 virus and the incident of COVID-19, the state of Missouri issued shelter-in-place orders and other measures around public gathering and business operations to slow the spread of the virus. Furthermore, colleges and universities across the country took unprecedented action to protect the health and safety of students. In March 2020, the University announced that campus operations were being suspended, and all students were transitioned to a distance education framework through the end of the academic term. Given the uncertainty in the epidemiological and economic outlook, economic uncertainties have arisen which may negatively affect the financial position, results of operations and cash flows of the University. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

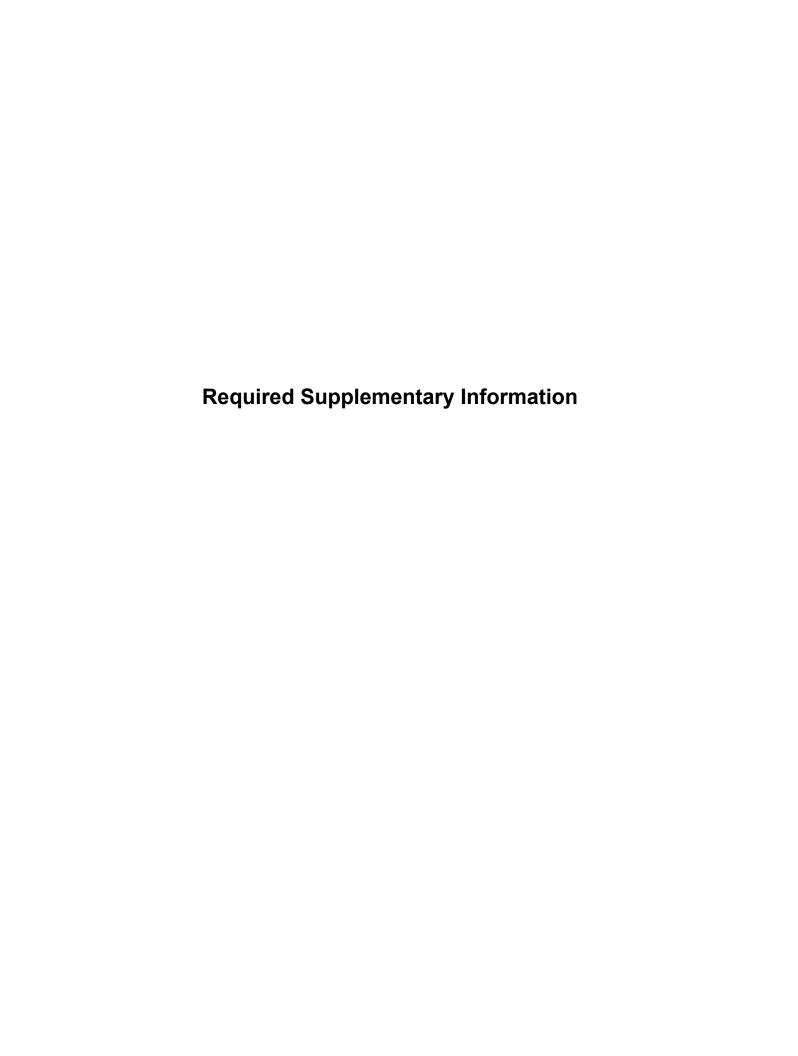

On March 27, 2020, the President signed into law the *Coronavirus Aid, Relief and Economic Security Act* (CARES Act). The CARES Act created a Higher Education Emergency Relief Fund (HEERF) specifically for emergency aid grants to students for expenses related to the disruption of campus operations due to COVID-19 and also direct aid to institutions to cover costs associated with the significant changes to the delivery of instruction due to COVID-19. The University was awarded a student share and an institutional share that totaled \$3,722,351 under this program and the University has expended all of these funds through eligible expenditures as of June 30, 2021.

On December 27, 2020, the President signed into law the *Coronavirus Response and Relief Supplemental Appropriation Act* (CRRSAA). The CRRSAA provided additional emergency aid grants to students for expenses related to the continued disruption of campus operations due to COVID-19 and also direct aid to institutions to cover costs associated with the significant changes to the delivery of instruction due to COVID-19. The University was awarded a student share and an institutional share that totaled \$6,689,868 under this program and the University distributed \$1,847,324 of that portion to eligible students through emergency grants at June 30, 2021.

On March 11, 2021, the President signed into law the *American Rescue Plan Act* (ARPA). The ARPA provided additional emergency aid grants to students for expenses related to the continued disruption of campus operations due to COVID-19 and also direct aid to institutions to cover costs associated with the significant changes to the delivery of instruction due to COVID-19. The University was awarded a student share and an institutional share that totaled \$11,663,528 under this program and the University did not expend any of the award prior to June 30, 2021.

Note 12: Subsequent Events

Subsequent events have been evaluated through December 9, 2021, which is the date the financial statements were available to be issued.

Required Supplementary Information June 30, 2021

Schedule of Changes in the University's Total OPEB Liability and Related Ratios (in 1,000s)

	2021	2020	2019	2018
Total OPEB Liability				
Service cost	\$ 52	\$ 39	\$ 45	\$ 45
Interest on total OPEB liability	28	41	43	40

Notes to the Schedule of Expenditures of Federal Awards Year Ended June 30, 2021

Notes to Schedule

- 1. The accompanying schedule of expenditures of federal awards (Schedule) includes the federal award activity of Missouri Western State University under programs of the federal government for the year ended June 30, 2021. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Missouri Western State University it is not intended to and does not present the financial position, changes in net position or cash flows of Missouri Western State University.
- 2. Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Missouri Western State University has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.
- 3. The University provided no federal awards to subrecipients.

4. Federal Loan Funds – Not Subject to Compliance

The University has certain federal student loan funds not subject to continuing compliance requirements, such as the Federal Direct Student Loans. Since the University does not administer the program, the outstanding loan balances have not been included in the Schedule. New loans made during the year under this program are included in the Schedule.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Independent Auditor's Report

Board of Governors Missouri Western State University St. Joseph, Missouri

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities and the discretely presented component unit of Missouri Western State University (the "University"), collectively a component unit of the State of Missouri, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the University's basic financial statements, and have issued our report thereon dated December 9, 2021, which contained a reference to the report of other auditors. The financial statements of Missouri Western State University Foundation, Inc. (the "Foundation"), the discretely presented component unit, were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the Foundation.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the University's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Board of Governors Missouri Western State University Page 2

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

BKDLLP

Kansas City, Missouri December 9, 2021

Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance

Independent Auditor's Report

Board of Governors Missouri Western State University St. Joseph, Missouri

Report on Compliance for Each Major Federal Program

We have audited Missouri Western State University's (the "University") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the University's major federal programs for the year ended June 30, 2021. The University's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the University's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the University's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the University's compliance.

Board of Governors Missouri Western State University Page 2

Opinion on Each Major Federal Programs

In our opinion, the University complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of the University is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the University's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
