Missouri Western State University
A Component Unit of the State of Missouri
Management's Introduction
Years Ended June 30, 2025 and 2024

Overview

Missouri Western State University is a four-year public institution that offers student centered, high quality instruction that focuses on applied learning, community service and state-of-the-art technology. Missouri Western is located in St. Joseph, Missouri and is committed to the educational, economic, cultural and social development of the region it serves.

The University is a component unit of the State of Missouri and is authorized under Missouri statute to offer associate, baccalaureate and graduate degrees as well as certificate programs. Professional programs, programs for transfer students, continuing education opportunities and self-enrichment courses are also offered. Missouri Western State University has an enrollment of approximately 3,500 undergraduate and graduate students. The University has on-campus student housing that can accommodate approximately 27 percent of the student body.

The predecessor to Missouri Western State University, St. Joseph Junior College, was organized in 1915 as an integral part of the city public school system. An independent junior college district involving eleven school districts was organized in 1965, and the school's name was changed to Missouri Western Junior College. Also, in 1965, legislation allowing the junior college to become a four-year college passed the Missouri General Assembly. In the fall of 1969, 2,536 students began attending the new four-year school, Missouri Western College, on the present campus, which now comprises 723 acres. The College became a fully funded state institution on July 1, 1977. University designation for Missouri Western became official on August 28, 2005. The legislation (SB 98) that included university designation also gave Missouri Western a statewide mission in the area of applied learning.

Missouri Western State University invests its resources, including student fees and state appropriations, efficiently and effectively to serve the needs of students, our region and the State of Missouri. Missouri Western invests approximately 70 percent of its total budget in instruction and in other activities that specifically support students. The University works with students to connect the theory of the classroom with its applications beyond the classroom in the community, the region and well beyond. Missouri Western serves students who are typically first-generation college students and who demonstrate financial need at a level substantially above the average for students in Missouri. The University produces student outcomes that compare well with other colleges and universities in Missouri.

Strategic Planning

Missouri Western participates in regular strategic planning to ensure institutional and unit alignment with our mission and vision, as well as provide a unified direction and trajectory of the University. The current plan, *Pathways to Excellence*, was adopted July 2, 2018 and is effective through 2025. This plan is focused upon student success and employs five themes to guide our initiatives: student experience, people, partnerships, programs and stewardship. The plan also introduced new University mission and vision statements. The 2026-2030 strategic plan, *Building a premier regional public university*, will be approved in late 2025. In addition to the current strategic plan, a four-year Master Academic Plan was developed by faculty and administration and adopted by the Board of Governors in August of 2022. Operationalization of the plan commenced in September of 2021 and runs 2021-2025.

Accreditation

Missouri Western maintains institutional accreditation through the Higher Learning Commission (HLC) and has been accredited since 1919. Missouri Western hosted a Comprehensive Quality Review (CQR) site visit in October 2016 and received Reaffirmation of Accreditation in January 2017. Another full review will take place during the 2026-2027 academic year.

As a member of the Open Pathway with HLC, Missouri Western recently completed its year 4 Assurance Review and will engage in a Quality Initiative during the second half of the ten year accreditation cycle. This initiative involved the implementation of the Master Academic Plan.

Missouri Western is a member of the National Council for State-Authorization Reciprocity Agreement (NC-SARA), which provides a voluntary, regional approach to state oversight of postsecondary distance education. When states join SARA, they agree to follow uniform processes for approving their eligible institutions' participation. They also agree to deal with other states' SARA institutions in a common way when those institutions carry out activities in SARA states other than their own.

Missouri Western also has specialized accreditation and program approval for a wide variety of our programs. This includes the following:

- Association to Advance Collegiate Schools of Business, AACSB International
- Commission on Accreditation for Health Informatics and Information Management Education
- Commission on Accreditation in Physical Therapy Education
- Commission on Collegiate Nursing Education
- Council on Social Work Education
- Engineering Technology Accreditation Commission of ABET
- National Accrediting Agency for Clinical Laboratory Science
- National Association of Schools of Music
- National Council for Accreditation of Teacher Education
- All-Steinway School designation, the American Chemical Society curriculum approval, and the American Bar Association approval
- American Chemical Society (ACS)
- American Bar Association (ABA)
- Missouri State Board of Education with the Department of Elementary and Secondary Education (SBOE/DESE)
- Missouri State Board of Nursing (MSBN)
- Commission on Accreditation for Respiratory Care (CoARC) – new program with provisional accreditation

Academic Programs

Missouri Western offers a variety of degree programs through the Steven L. Craig School of Business & Professional Studies, College of Liberal Arts, College of Science and Health, and Graduate School. The University is authorized under Missouri statutes to offer professional master's degrees, four-year baccalaureate programs, two-year associate degrees, pre-professional transfer programs and one-year certificates. In addition, the University offers continuing education courses, seminars, conferences and workshops suited to the needs of the community and serving groups throughout the nation.

Missouri Western offers a total of 57 degree programs, including 39 Bachelor's, seven Master's, four Associates, four Graduate certificates and three Undergraduate certificates.

Our largest degree programs are:

- **Nursing:** 447 majors
- **Management:** 169 majors
- **Exercise Science:** 136 majors
- **Biology:** 119 majors
- **Psychology:** 110 majors

Missouri Western's Honors program offers high-achieving students the opportunity to enhance their college experience through interesting guest speakers, conferences across the country, a semester of study abroad experiences, scholarship opportunities, in-depth research and study of a variety of topics, museum visits and close friendships. The Honors program has been a part of the campus community since 1988.

Applied Learning

Missouri Western State University has been designated by the State of Missouri as the official applied learning institution for the state. Applied learning refers to activities outside of the classroom in which students use discipline-specific knowledge, including internships, practice, study away and student/faculty research. Undergraduate students who engage in applied learning get an education that better prepares them to enter the workforce or pursue graduate study. Because it is a scholarly pursuit for students, applied learning is naturally tied to faculty scholarly activities. In all disciplines, applied learning opportunities arise when students work alongside faculty mentors who are pursuing their own professional scholarship goals. Approximately 98 percent of Missouri Western students complete a significant applied learning experience prior to their graduation. The Master Academic Plan (2021) focuses on this designation, and drives the strategies for Academic Affairs.

Kansas City Chiefs Summer Training Camp

The University entered into a contract with the Kansas City Chiefs Professional Football Franchise to hold their summer training camp on the campus of the University beginning in July 2010. As part of the agreement, the University built an indoor practice facility, multi-purpose facility, two outdoor practice fields and other enhancements in preparation for the camp. The project was funded by the Kansas City Chiefs, City of St. Joseph, Buchanan County, the University and private donations. Construction of the facilities was completed in July 2010 at a cost of \$11,338,408. In 2015, a new irrigation system was installed, the existing grass replaced by Bermuda sod, and a new driveway, parking lot, and sidewalk were paved to the practice field. The project cost was approximately \$675,000, which was financed with a tax credit agreement with the Missouri Development Finance Board and the Missouri Western State University Foundation. In FY20, the Kansas City Chiefs summer training camp was canceled due to the COVID-19 pandemic, but resumed in the summer of 2021. In 2024, the University received \$3,000,000 from the Missouri General Assembly, House Bill 20, to renovate Vaselakos Hall and Scanlon Hall and update other infrastructure requirements to host training camp. In 2025, a new multi-year contract with the Kansas City Chiefs was agreed upon.

Independent Auditor's Report

Board of Governors
Missouri Western State University
St. Joseph, Missouri

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the business-type activities and the discretely presented component unit of Missouri Western State University (the "University"), collectively a component unit of the State of Missouri, as of and for the years ended June 30, 2025 and 2024, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

In our opinion, based on our audits and the report of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of the University, as of June 30, 2025 and 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Missouri Western State University Foundation, Inc. (the "Foundation"), the discretely presented component unit of the University. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Foundation is based solely on the reports of the other auditors.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements of the Foundation, the discretely presented component unit, were not audited in accordance with *Government Auditing Standards*.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, pension and other postemployment benefit information as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the University's basic financial statements. The schedule of expenditures of federal awards as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises management's introduction and information required for bonds as listed in the table of contents, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2025, on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

Management's Discussion and Analysis
June 30, 2025 and 2024

Introduction

This discussion and analysis of Missouri Western State University (the University) financial statements provides a comparative overview of the University's financial performance during the years ended June 30, 2025 and 2024. Since the Management's Discussion and Analysis is designed to focus on current activities, resulting change and current known facts, please read it in conjunction with the University's basic financial statements and the footnotes.

Financial Highlights

Academic Review Board

The University's Board of Governors declared a state of financial emergency at a special meeting held on March 5, 2020 in accordance with the University's retrenchment policy. Pursuant to this policy, the provost convened an Academic Review Board (ARB). The ARB was charged with reviewing each academic program on a variety of criteria, including academic quality, alignment with institutional mission, demand and enrollment, cost and cost effectiveness. The ARB made recommendations involving the discontinuance, elimination or restructure of certain academic programs to the provost and president. The president then made recommendations to the Board of Governors which were approved at the April 29, 2020 meeting.

The University took formal actions to eliminate, phase out, or restructure several of its academic programs. The change involved the elimination of several faculty members and staff, while giving the University the flexibility to enhance other academic programs in order to meet the market demand in various educational fields. The University continues to restructure its financial position through additional educational opportunities and cost cutting measures. The University was able to lift the state of financial emergency in April of 2023.

Comparative Analysis of Fiscal Years 2025 and 2024

A review of the University's net position at June 30, 2025 reflects a change of \$(2.9) million or (5.93) percent to \$45.2 million. Operating revenues for the year ended June 30, 2025, which includes tuition and fees of \$19.5 million; federal, state and non-governmental grants and contracts of \$0.4 million; auxiliary revenues of \$6.7 million; and other revenues of \$0.7 million, changed by \$1.4 million to \$27.3 million.

Operating expenses changed by \$9.4 million to \$70.4 million, resulting in an operating loss of \$(43.1) million. Operating expenses included depreciation of \$7.3 million. This operating loss of \$(43.1) million and net nonoperating and other capital revenues of \$40.2 million resulted in a change in net position of \$(2.9) million.

Missouri Western State University
A Component Unit of the State of Missouri
Management's Discussion and Analysis
June 30, 2025 and 2024

Comparative Analysis of Fiscal Years 2024 and 2023

A review of the University's net position at June 30, 2024 reflects an increase of 12.5 million or 35.2 percent to \$48.1 million. Operating revenues for the year ended June 30, 2024, which includes tuition and fees of \$18.0 million; federal, state and non-governmental grants and contracts of \$0.3 million; auxiliary revenues of \$7.0 million; and other revenues of \$0.6 million, decreased by \$(2) million to \$25.9 million.

Operating expenses changed by \$1 million to \$61.0 million, resulting in an operating loss of \$(35.0) million. Operating expenses included depreciation of \$7.0 million. This operating loss of \$(35.0) million and net nonoperating and other capital revenues of \$47.6 million resulted in an increase in net position of \$12.5 million.

Net Position

The Statements of Net Position present the financial position of the University at the end of the fiscal year and includes all assets and deferred outflows of resources, liabilities and deferred inflows of resources of the University. Assets and liabilities are generally measured using historical cost, which approximates current value, with certain exceptions, such as, capital assets which are stated at cost less accumulated depreciation, and long-term debt, which is stated at cost.

Missouri Western State University
A Component Unit of the State of Missouri
Management's Discussion and Analysis
June 30, 2025 and 2024

A summary of the University's assets, deferred outflows of resources, liabilities, deferred inflows of resources and net position at June 30, 2025, 2024 and 2023, is as follows:

Net Position
As of June 30
(In millions)

	<u>2025</u>	<u>2024</u>	<u>2023</u>
Current Assets	\$ 14.2	\$ 15.9	\$ 16.3

Missouri Western State University
A Component Unit of the State of Missouri
Management's Discussion and Analysis
June 30, 2025 and 2024

Comparative Analysis of Fiscal Years 2025 and 2024

Current assets decreased by \$1.7 million.

Noncurrent assets decreased by \$(2.5) million or (2.0) percent from \$126.7 million to \$124.2 million. Capital assets, included additions of \$4.8 million, retirements of \$1.7 million, and depreciation and amortization of \$7.2 million.

Deferred outflows decreased by \$(0.6) million or (4.4) percent from \$13.6 million to \$13.0 million due primarily to an increase in our proportionate share of collective outflows for MOSERS.

Noncurrent liabilities decreased by \$(3.7) million or (3.9) percent from \$95.9 million to \$92.2 million. This is mostly due to a decrease in net pension liability of \$(1.3) million and long-term debt decrease by \$(2.9) million due to the payment of scheduled principal amounts.

Deferred inflows increased by \$1.6 million due to the recognition of the proportionate share of the unfunded MOSERS.

Comparative Analysis of Fiscal Years 2024 and 2023

Current assets decreased by \$0.4 million.

Noncurrent assets increased by \$6.9 million or 5.8 percent from \$119.7 million to \$126.7 million. Capital assets, included additions of \$13.7 million, retirements of \$.3 million, and depreciation of \$6.7 million.

Deferred outflows increased by \$2.8 million or 26.1 percent from \$10.8 million to \$13.6 million due primarily to an increase in our proportionate share of collective outflows for MOSERS.

Noncurrent liabilities decreased by \$(1.6) million or 1.6 percent from \$97.5 million to \$95.9 million. This is mostly due to an increase in net pension liability of \$2.8 million and long-term debt decrease by \$(3.2) million due to the payment of scheduled principal amounts.

Deferred inflows decreased by \$(2.6) million due to the recognition of the proportionate share of the unfunded MOSERS.

Missouri Western State University
A Component Unit of the State of Missouri
Management's Discussion and Analysis
June 30, 2025 and 2024

Tuition and fees and auxiliary enterprises revenue is reported only to the extent they are earned. Student financial assistance provided by federal and state sources is reported as federal and state grants and contract revenues rather than as tuition and fees or auxiliary revenues.

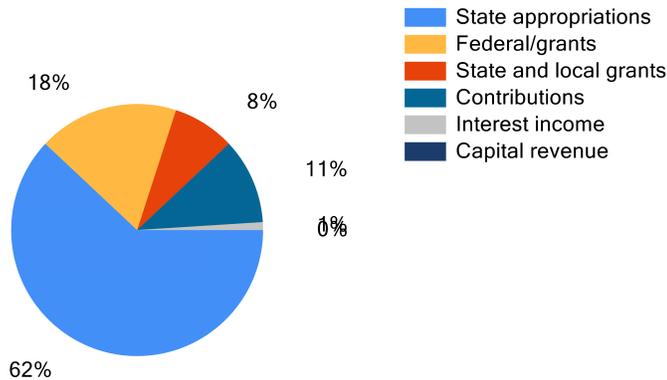

In Fiscal Year 2025, total operating revenues had an increase of 5.8 percent from \$25.9 million to \$27.4 million.

The following are graphic illustrations of revenues by source for the year ended June 30, 2025.

Operating Revenues

Nonoperating Revenues

Missouri Western State University
A Component Unit of the State of Missouri
Management's Discussion and Analysis
June 30, 2025 and 2024

In Fiscal Year 2025, nonoperating and capital revenues changed by \$(7.4) million or (15.0) percent from \$49.2 million to \$41.7 million due primarily from the following increases (decreases) in millions:

Nonoperating Revenue and Capital Gifts

State of MO Appropriation	\$	0.8
State and Local Grants		2.5
Capital Gifts		(3.6)
Federal Grants		(8.5)
Contributions		1.4
		1.4
Total Change in Nonoperating Revenue and Capital Gifts	\$	<u>(7.4)</u>

In Fiscal Year 2024, nonoperating and capital revenues increased by \$12.8 million or 35.1 percent from \$36.5 million to \$49.2 million due primarily from the following increases (decreases) in millions:

Nonoperating Revenue and Capital Gifts

State of MO Appropriation	\$	1.7
State and Local Grants		0.6
Capital Gifts		2.9
Federal Grants		9.1
Contributions		(1.5)
		(1.5)
Total Nonoperating Revenue and Capital Gifts	\$	<u>12.8</u>

Operating Expenses
Years Ended June 30
(In millions)

	2025	2024	2023
Compensation	\$ 41.6	\$ 33.8	\$ 34.4
Scholarships	3.3	3.1	4.6
Supplies and other services	16.1	15.0	13.9
Depreciation and amortization	7.3	7.0	7.1
Utilities	2.1	2.0	2.1
Total	\$ 70.4	\$ 60.9	\$ 62.1

Missouri Western State University elected to use the natural classification for operating expenses, as did all state public higher education institutions in the State of Missouri.

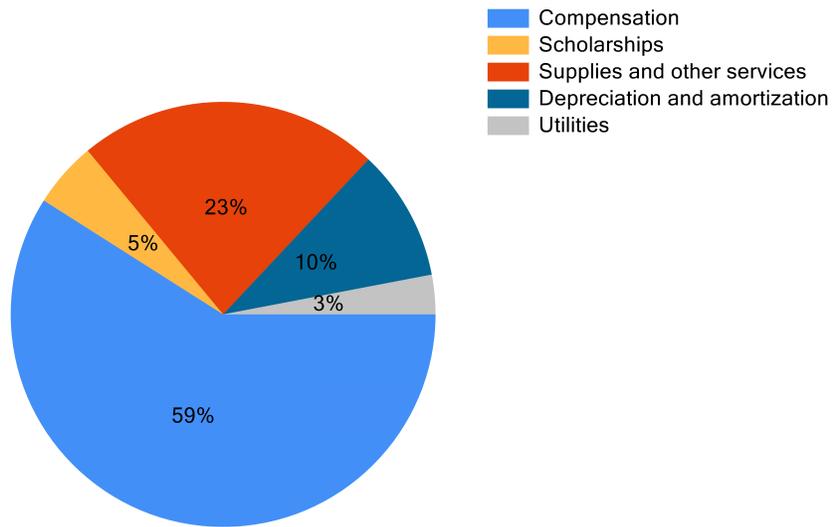

During 2025, 2024 and 2023, tuition fee waivers are reported as a reduction in revenue rather than scholarships and amounted to approximately \$6.9, \$6.9 and \$7.0 million, respectively. Federal Pell Grants and Federal Education Opportunity Grants outlays are recorded as nonoperating revenue and amounted to approximately \$6.4, \$5.9 and \$5.9, respectively.

Management's Discussion and Analysis
June 30, 2025 and 2024

Comparative Analysis of Fiscal Years 2025 and 2024

In 2025, the University's operating expenses increased by \$(9.5) million, or (16) percent. The increase is due to an increase of \$(0.2) million in scholarships, an increase of \$(0.1) in utilities, an increase in supplies of \$(1.1), an increase in compensation of \$(7.8) million, and an increase in depreciation and amortization of \$(0.3) million.

Operating Expenses

Comparative Analysis of Fiscal Years 2024 and 2023

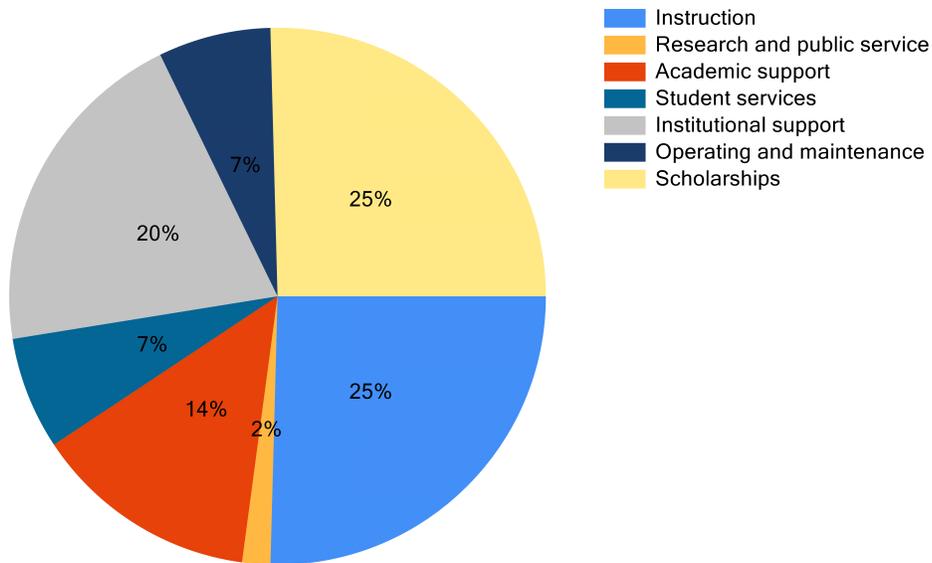

In 2024, the University's operating expenses decreased by \$1.10 million, or 2 percent. The decrease is due to a decrease of \$1.4 million in scholarships, an increase in compensation of \$0.6 million, and an increase in depreciation and amortization of \$0.1 million.

Management's Discussion and Analysis
June 30, 2025 and 2024

Analysis of Educational and General Operating Expenses
By Functional Classification
June 30, 2025
(In millions)

The following is a graphic illustration of educational and general operating expenses at June 30, 2025.

Operating Expenses by Function

Missouri Western continues to invest a high proportion of its total expenditures in instruction and other activities that specifically support students and the community. Instruction, Research and Public Service, Student Services, Scholarships, Academic Support combined represent 73 percent of total educational and general expenses. Institutional Support and Operation & Maintenance, 27 percent, makes up the remainder.

Management's Discussion and Analysis
June 30, 2025 and 2024

Cash Flows

The Statements of Cash Flows provides a view of the sources and uses of the University's cash resources. Comparative summary statements of cash flows for the years ended June 30, 2025, 2024 and 2023 are as follows:

Cash Flows
Years Ended June 30
(In millions)

	2025	2024	2023
Cash Provided by (Used in)			
Operating activities	\$ (34.6)	\$ (32.1)	\$ (30.9)
Noncapital financing activities	41.3	45.1	35.3
Capital and related financing activities	(8.8)	(13.9)	(8.2)
Investing activities	0.3	0.4	0.4
Change in Cash and Cash Equivalents	(1.8)	(0.5)	(3.4)
Cash and Cash Equivalents, Beginning of Year	10.3	10.8	14.2
Cash and Cash Equivalents, End of Year	\$ 8.5	\$ 10.3	\$ 10.8

Comparative Analysis of Fiscal Years 2025 and 2024

Cash and cash equivalents at June 30, 2025 were \$8.5 million, which was a decrease of \$(1.8) million from 2024. The decrease in cash and cash equivalents is attributable to a decrease in tuition and fees, a increase in payments to employees and decrease in other payments, a increase in state and local grants, an increase in federal grants, a decrease in contributions, an increase in the purchase of capital assets and an increase in capital gifts received.

During 2025, cash used in operating activities was \$34.6 million which was an increase of \$2.5 million. This was a result of receipts from tuition and fees, grants and contracts and auxiliary enterprise charges less payments to employees and suppliers. Cash provided by noncapital financing activities, primarily state appropriations, federal grants and state and local grants, and contributions was \$41.3 million. Cash used for capital and related financing activities increased by \$(5.1) million, which consisted of the purchases of capital assets and receipt of capital gifts. The payment of debt service for 2025 was \$5.3 million for principal and interest. Investing activities remained flat at \$0.3 million, which primarily were the result of interest rates on bank funds.

Missouri Western State University
A Component Unit of the State of Missouri
Management's Discussion and Analysis
June 30, 2025 and 2024

Comparative Analysis of Fiscal Years 2024 and 2023

Cash and cash equivalents at June 30, 2024 were \$10.3 million, which was a decrease of \$(0.5) million from 2023. The decrease in cash and cash equivalents is attributable to an decrease in tuition and fees, a increase in payments to employees and decrease in other payments, a increase in state and local grants, an increase in federal grants, a decrease in contributions, an increase in the purchase of capital assets and an increase in capital gifts received.

During 2024, cash used in operating activities was \$32.1 million which was an increase of \$1.2 million. This was a result of receipts from tuition and fees, grants and contracts and auxiliary enterprise charges less payments to employees and suppliers. Cash provided by noncapital financing activities, primarily state appropriations, federal grants and state and local grants, and contributions was \$45.1 million.. Cash used for capital and related financing activities increased by \$5.6 million, which consisted of the purchases of capital assets and receipt of capital gifts. The payment of debt service for 2024 was \$4.8 million for principal and interest. Investing activities remained flat at \$0.4 million, which primarily were the result of interest rates on bank funds.

Missouri Western State University Foundation, Inc.

Missouri Western State University Foundation, Inc. is a not-for-profit organization incorporated in the State of Missouri on December 19, 1968. The Foundation's principal activity is to obtain contributions, which include cash and other assets, for the support and assistance of Missouri Western State University and its faculty and students. A copy of the Foundation's annual financial report can be obtained by sending a written request to the Missouri Western State University Foundation, 4525 Downs Drive, St. Joseph, Missouri 64507.

The University has included financial information of the Missouri Western State University Foundation, Inc. in this report as required by the Governmental Accounting Standards Board Statement No. 39, *Determining Whether Certain Organizations are Component Units*. GASB No. 39 requires reporting, as discretely presented component units, organizations that raise and hold economic resources for the direct benefit of the University.

Acknowledgments

The University's financial statements are the responsibility of the University's management. The timely preparation of the University's financial statements was made possible by the dedicated service of the Accounting Office personnel and others who have our sincere appreciation.

Notes to Financial Statements
June 30, 2025 and 2024

Note 1: Nature of Operations and Summary of Significant Accounting Policies

Nature of Operations and Reporting Entity

Missouri Western State University (the University) is a public, state-supported institution providing a blend of traditional liberal arts and sciences and career-oriented degree programs. The University is a component unit of the State of Missouri. The University is authorized under Missouri statute to offer associate, baccalaureate and graduate degrees as well as certificate programs. Professional programs, programs for transfer students, continuing education opportunities and self-enrichment courses are also offered. Missouri Western State University has an enrollment of approximately 3,848 undergraduate students and approximately 180 graduate students. The University has on-campus student housing that can accommodate approximately 27 percent of the undergraduate student body.

The predecessor to Missouri Western State University, St. Joseph Junior College, was organized in 1915 as an integral part of the city public school system. An independent junior college district involving 11 school districts was organized in 1965. Also, in 1965, the Missouri State Legislature enacted legislation creating Missouri Western State University, which, when combined with St. Joseph Junior College, constituted a four-year State University. In 1969, the College moved to the present campus, which now comprises 723 acres. The College became a fully funded state institution on July 1, 1977. Effective August 28, 2005, the College changed its name to Missouri Western State University.

The University participates in the Federal Student Financial Aid Program and the University extends unsecured credit to students.

Missouri Western State University Foundation, Inc. (the Foundation) is a legally separate, tax-exempt component unit of the University. The Foundation's primary function is to raise and hold funds to support the University and its programs. The board of the Foundation is self-perpetuating and consists of graduates and friends of the University.

Although the University does not control the timing or amount of receipts from the Foundation, the majority of the Foundation's resources and related income are restricted by donors for the benefit of the University. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the University, the Foundation is considered a component unit of the University and is discretely presented in the University's financial statements in accordance with GASB standards.

Complete financial statements of the Foundation may be obtained from its Administrative Office at the following address: 4525 Downs Drive, Spratt Hall 110, St. Joseph, Missouri 64507.

The Foundation is a private nonprofit organization that reports under Financial Accounting Standards Board (FASB) standards, including ASC Topic 958, *Financial Reporting for Not-for-Profit Organizations*. As such, certain revenue recognition criteria and presentation features are different from revenue recognition criteria and presentation features required under pronouncements of the Governmental Accounting Standards Board (GASB). No modifications have been made to the Foundation's statements in the University's financial reporting for these differences. See *Note 10* for discussions regarding the Foundation's accounting policies and other disclosures.

Missouri Western State University
A Component Unit of the State of Missouri
Notes to Financial Statements
June 30, 2025 and 2024

Basis of Accounting and Presentation

The financial statements of the University have been prepared on the accrual basis of accounting. Revenues, expenses, gains, losses, assets, liabilities and deferred inflows and outflows of resources from exchange and exchange-like transactions are recognized when the exchange transaction takes place, while those from government-mandated non-exchange transactions (principally federal and state grants and state appropriations) are recognized when all applicable eligibility requirements are met. Internal activity and balances are eliminated in preparation of the financial statements unless they relate to services provided and used internally. Operating revenues and expenses include exchange transactions and program-specific, government-mandated non-exchange transactions. Government-mandated non-exchange transactions that are not program specific (such as state appropriations), investment income and interest on capital asset-related debt are included in non-operating revenues and expenses. The University first applies restricted net position when an expense or outlay is incurred for purposes for which both restricted and unrestricted net position are available.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and deferred inflows and outflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses and other changes in net position during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The cash and cash equivalents represent balances at Southern Bank (trustee) and Commerce Bank (trustee). Cash and cash equivalents include amounts in demand deposits. There were no cash equivalents at June 30, 2025 or June 30, 2024.

Restricted Cash and Cash Equivalents

Restricted cash and cash equivalents consist of reserve funds for unusual and extraordinary repairs and replacements to housing system facilities and cash held on behalf of others.

Accounts Receivable

Accounts receivable consists of tuition and fee charges to students, charges for auxiliary enterprise services provided to students and other receivables. Accounts receivable is recorded net of estimated uncollectible amounts.

Missouri Western State University
A Component Unit of the State of Missouri
Notes to Financial Statements
June 30, 2025 and 2024

Deferred Outflows of Resources

The University reports the consumption of net assets that relates to future reporting periods as deferred outflows of resources in a separate section of its statements of net position. The University's deferred outflows include deferred losses on defeasance of bonds, OPEB benefit items under GASB 75 and certain pension items requiring deferral under GASB 68.

Deferred Inflows of Resources

The University's financial statements report a separate section for deferred inflows of resources. This separate financial statement element reflects the acquisition of net assets that relates to a future reporting period. Deferred inflows of resources include OPEB items under GASB 75 and certain pension items requiring deferral under GASB 68.

Capital Assets

Capital assets are recorded at cost at the date of acquisition, or acquisition value at the date of donation if acquired by gift. Depreciation is computed using the straight-line method over the estimated useful life of each asset. The following estimated useful lives are being used by the University:

Land improvements	15 years
Buildings and improvements	15 – 60 years
Furniture, fixtures and equipment	3 – 10 years
Library materials	10 years

Compensated Absences

University policies permit most employees to accumulate vacation benefits that may be realized as paid time off or as a cash payment upon termination. Expense and the related liability are recognized as vacation benefits are earned whether the employee is expected to realize the benefit as time off or in cash. Sick leave benefits expected to be realized as paid time off are recognized as expense when the time off occurs, and a liability is accrued and recognized only for the portion of accumulated sick leave that is more likely than not to be used as time off, based on historical experience and employee policies. Compensated absence liabilities are computed using the regular pay and termination pay rates in effect at the statement of net position date.

Unearned Revenue

Unearned revenue at June 30, 2025 consists of unearned student and other fees of \$873,168, unearned revenues related to grants of \$859,276, and Aramark unearned revenue of \$78,701. Unearned revenue at June 30, 2024 consists of unearned student fees of \$542,844 unearned revenues related to grants of \$498,947 and Aramark unearned revenue of \$282,426.

Missouri Western State University
A Component Unit of the State of Missouri
Notes to Financial Statements
June 30, 2025 and 2024

Deferred Loss on Bond Refunding

During fiscal year 2013, the University issued Auxiliary System Refunding Revenue Bonds, Series 2012, which resulted in a partial refunding of the University's 2003 Series Bonds of \$19,475,000. The partial refunding resulted in a deferred accounting loss, which is being amortized over the remaining life of the refunded 2003 bonds. The University's unamortized deferred loss was \$542,742 and \$617,604 at June 30, 2025 and 2024, respectively, and is included as a deferred outflow of resources in the statements of net position. The amortization is recorded as a component of interest expense.

Net Position

Net position of the University is classified in three components. Net investment in capital assets consists of capital assets (including lease and subscription-based information technology arrangements assets) net of accumulated depreciation and amortization and reduced by the outstanding balances of borrowings used to finance the purchase or construction of those assets. Restricted expendable net position is made up of noncapital assets that must be used for a particular purpose as specified by creditors, grantors or donors external to the University, including amounts deposited with trustees as required by bond indentures, reduced by the outstanding balances of any related borrowings. Unrestricted net position is the remaining net position that does not meet the definition of net investment in capital assets, or restricted.

Classification of Revenues

The University has classified its revenues as either operating or non-operating revenues according to the following criteria:

Operating revenues – Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship allowances, (2) sales and services of auxiliary enterprises and (3) interest on student loans.

Nonoperating revenues – Nonoperating revenues include activities that have the characteristics of non-exchange transactions, such as gifts and contributions, and other revenue sources that are defined as non-operating revenues by GASB No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Government Entities That Use Proprietary Fund Accounting* and GASB No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, such as state appropriations and interest income.

Missouri Western State University
A Component Unit of the State of Missouri
Notes to Financial Statements
June 30, 2025 and 2024

Scholarship Discounts and Allowances

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship allowances in the statements of revenues, expenses and changes in net position. Scholarship allowances are the difference between the stated charge for goods and services provided by the University, and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, are recorded as non-operating revenues and other governmental grants are recorded as operating revenues in the University's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the University has recorded a scholarship allowance. The scholarship allowances on tuition and fees for the years ended June 30, 2025 and 2024 was \$11,759,597 and \$11,408,180, respectively. The scholarship allowances on auxiliary enterprises for the years ended June 30, 2025 and 2024 was \$3,366,562 and \$2,984,799, respectively.

Income Taxes

As a state institution of higher education, the income of the University is generally exempt from federal and state income taxes under Section 115(a) of the Internal Revenue Code and a similar provision of state law. However, the University is subject to federal income tax on any unrelated business taxable income.

New Accounting Pronouncements

GASB Statement No. 101, *Compensated Absences*. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this statement are effective for fiscal years beginning after December 15, 2023 which is the fiscal year beginning July 1, 2024. The implementation of GASB Statement No. 101 resulted in an increase of the liability of accrued sick leave of \$419,244 million at June 30, 2025. The impact of GASB Statement No. 101 was deemed immaterial to the 2024 financial statements and there is no effect recognized at June 30, 2024 or July 1, 2024. For further information on compensated absences, see the Compensated Absences paragraph within *Note 1*.

Lease Assets

Lease assets are initially recorded at the initial measurement of the lease liability, plus lease payments made at or before the commencement of the lease, plus initial direct costs that are ancillary to place the asset into service. Lease assets are amortized on a straight-line basis over the shorter of the lease term or the useful life of the underlying asset.

Subscription Assets

Subscription assets are initially recorded at the initial measurement of the subscription liability, plus subscription payments made at, and certain prepayments made before, the commencement of

the subscription-based information technology arrangement (SBITA) term, less any SBITA vendor incentives received from the SBITA vendor at or before the commencement of the SBITA term, plus capitalizable initial implementation costs. Subscription assets are amortized on a straight-line basis over the shorter of the SBITA term or the useful life of the underlying IT asset.

Revisions

Certain revisions of amounts previously reported have been made to the accompanying 2024 financial statements of the University's discretely presented component unit, the Missouri Western University Foundation for changes in the fair value disclosures. The revision had no impact on previously reported net assets of the Foundation.

Missouri Western State University
A Component Unit of the State of Missouri
Notes to Financial Statements
June 30, 2025 and 2024

Note 2: Deposits, Investments and Investment Income

Deposits

Custodial credit risk is the risk that, in the event of a bank failure, an entity's deposits may not be returned to it. The University's deposit policy for custodial credit risk requires compliance with the provisions of state law.

State law requires collateralization of all deposits with federal depository insurance; bonds and other obligations of the U.S. Treasury, U.S. agencies or instrumentalities or the State of Missouri; bonds of any city, county, school district or special road district of the State of Missouri; bonds of any state; or a surety bond having an aggregate value at least equal to the amount of the deposits.

The University had no bank balances exposed to custodial credit risk at June 30, 2025 or 2024.

Investments

The University may legally invest in direct obligations of and other obligations guaranteed as to principal by the U.S. Treasury and U.S. agencies and instrumentalities and in bank repurchase agreements. It may also invest to a limited extent in corporate bonds and equity securities. The University had no investments meeting these criteria at June 30, 2025 or 2024.

Custodial Credit Risk

Custodial credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. The University had no investments exposed to custodial credit risk at June 30, 2025 or 2024. The University's investment policy currently addresses custodial credit risk by requiring 110 percent collateralization on all investments.

Auxiliary System Revenue Bonds, Series 2018

On October 1, 2018, the University issued \$3,765,000 in Series 2018 Auxiliary Revenue Refunding Bonds, with an average interest rate of 3.53 percent to current refund \$4,420,000 of the Series 2008 Auxiliary Revenue Bonds, with interest rates of 3 percent to 5 percent. The Series 2008 Revenue Bonds were used for the construction and renovation of certain athletic facilities. Bond proceeds, funds from the University’s Series 2008 reserve account, University funds and the October principal and interest payment for a total of \$4,580,025 were deposited into an escrow account with Commerce Bank (Trustee) for defeasance of the prior bond and to pay issuance costs for the Series 2018 Bonds. The University completed the refunding to reduce its total debt service requirements by \$1,327,992 over the next 17 years and to obtain an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$273,848. The bonds will be fully paid by October 1, 2029.

Notes to Financial Statements
June 30, 2025 and 2024

Auxiliary System Revenue Bonds, Series 2015

The Board of Governors authorized the University to issue the Auxiliary System Revenue Bonds, Series 2015 dated July 9, 2015 in the amount of \$13,665,000. The proceeds were used to fully redeem the remaining portion of the Auxiliary Refunding and Improvement Bonds, Series 2010A as a current refunding. The Series 2015 Bonds mature on October 1 of each year through 2035, in amounts varying from \$490,000 to \$2,495,000, at interest rates ranging from 2.0 percent to 3.875 percent. Interest payments are payable semiannually. The bonds are secured by the net revenues available for debt service of the University and other funds pledged to the payment of the bonds.

Auxiliary System Refunding and Improvement Revenue Bonds, Series 2012

The Board of Governors authorized the University to issue the Auxiliary System Refunding and Improvement Revenue Bonds, Series 2012 dated November 8, 2012 in the amount of \$20,840,000. The proceeds were used to defease a portion of the Auxiliary Refunding and Improvement Bonds, Series 2003. The Series 2012 Bonds mature on October 1 of each year through 2033, in amounts varying from \$265,000 to \$1,485,000, at interest rates ranging from 0.7 percent to 3.55 percent. Interest payments are payable semiannually. The bonds are secured by the net revenues available for debt service of the University and other funds pledged to the payment of the bonds.

Auxiliary System Refunding and Improvement Revenue Bonds, Series 2010-B Taxable Build America Bonds

The Board of Governors authorized the University to issue the Auxiliary System Refunding and Improvement Revenue Bonds, Series 2010-B. The proceeds of \$15,000,000 from the Series 2010-B Bonds were used for the construction of a new residential hall and other improvements. The bonds mature on October 1 of each year through 2036, in amounts varying from \$375,000 to \$900,000, at interest rates ranging from 1.75 percent to 6.75 percent. Interest payments are payable semiannually. The bonds are secured by the net revenues available for debt service of the University and other funds pledged to the payment of the bonds.

Notes to Financial Statements
June 30, 2025 and 2024

The debt service requirements of the bonds payable as of June 30, 2025 are as follows:

Year Ending June 30	Total to be Paid	Principal	Interest
2026	3,930,786	2,640,000	1,290,786
2027	3,914,430	2,725,000	1,189,430
2028	3,906,997	2,825,000	1,081,997
2029	3,893,684	2,925,000	968,684
2030 – 2034	17,409,974	14,325,000	3,084,974
2035 – 2040	6,937,503	6,635,000	302,503
	<u>\$ 39,993,374</u>	<u>\$ 32,075,000</u>	<u>\$ 7,918,374</u>

A comparison of pledged revenue for the payment of the bonds recognized for the years ended June 30, 2025 and 2024 to the principal and interest requirements of the bonds for those periods is as follows:

	<u>2025</u>	<u>2024</u>
Pledged revenue recognized	\$ 4,278,777	\$ 3,416,650
Principal and interest requirement	3,957,285	3,973,433

The University owns and operates the Auxiliary System (the “System”) serving the University and its students. The System presently includes the following facilities:

Housing and Dining Facilities: Two suite complexes, three apartment-style complexes, a living center, having an aggregate of 1,257 residential spaces, a Student Commons building and the Student Union Building. Dining options includes Western Dining Hall which features an all-you-can-eat buffet and the Student Union food court that features Chick-fil-A and Subway. Other options on campus include the POD, Einstein Bros. Bagels, Grill at Max’s Mart and a Starbucks coffee shop.

Recreational Facilities: A 12,000 square foot recreational and fitness building, tennis courts, basketball courts, softball fields, swimming pool, Frisbee golf course, jogging trail and other recreational and fitness facilities.

Sources of income included in the revenues of the System are room and board charges, commissions for operation of the University Bookstore, income from laundry vending operations, commissions from food service catering, revenue from nonresidential rentals of residence hall space for meetings and conferences and investment income earned on unexpended proceeds from operations.

Missouri Western State University
A Component Unit of the State of Missouri
Notes to Financial Statements
June 30, 2025 and 2024

Management believes that the University complied with all the restrictive covenants of bond agreements. The Auxiliary System produced net operating revenues in the fiscal years ended June 30, 2025 and 2024 at 110 percent and 127 percent, respectively, of the year's bond service requirements, exceeding the 110 percent as required by the bond debt covenants.

Additionally, the University has established and maintained a repair and replacement reserve fund with a balance of \$300,000 at June 30, 2025 and 2024. This fund is to be used to pay the cost of unusual and extraordinary repairs and replacements to housing system facilities.

Financed Purchases

The debt service requirements for the financed purchase contracts as of June 30, 2025 are as follows:

Year Ending June 30	Total to be Paid	Principal	Interest
2026	\$ 624,522	\$ 558,028	\$ 66,494
2027	466,791	418,777	48,014
2028	429,863	394,844	35,019
2029	389,845	367,460	22,385
2030-2034	567,038	554,285	12,753
	<u>\$ 2,478,059</u>	<u>\$ 2,293,394</u>	<u>\$ 184,665</u>

In FY23, the University entered into a financed purchase contract with Pitney Bowes for the purchase of a postage machine for a total cost of \$31,551 and is financed by Pitney Bowes Global Financial Services LLC. The total principal and interest outstanding at June 30, 2025 is \$19,877. The total amount of accumulated depreciation that has been recorded since 2023 is \$15,775 and the total depreciation expense for 2025 was \$6,310.

The University entered into a financed purchase contract energy saving project with Schneider Electric, a global specialist in energy management in FY16. The beginning total of principal and interest for this project was \$5,448,920 and was financed by US Bancorp. Schneider Electric has guaranteed energy savings of \$7,335,635 which would show a positive net financial impact for the University of \$1,666,238 over the 15-year period. This project was completed in FY16 and it spanned 27 facilities, and incorporated a variety of energy efficiency upgrades to enhance classroom and building comfort, while reducing energy consumption through lighting retrofits, building automation systems, building sub-metering, water fixture retrofits, various building envelope improvements and mechanical upgrades. The total principal and interest outstanding at June 30, 2025 is \$2,047,280. The total amount of accumulated depreciation that has been recorded since 2016 is \$3,105,563, with depreciation expense of \$332,739 in 2025.

The University also entered into a financed purchase contract financed by US Bancorp in FY20 for the replacement of HVAC fume hoods in Remington Hall on September 10, 2020 for a total cost of \$700,000. The total principal and interest outstanding at June 30, 2025 is \$130,464. The total

Missouri Western State University
A Component Unit of the State of Missouri
Notes to Financial Statements
June 30, 2025 and 2024

amount of accumulated depreciation that has been recorded since 2020 is \$286,530, with depreciation expense of \$49,831 in 2025.

The University entered into a new financed purchase contract financed by the Lease Servicing Center, Inc. in FY23 for Baker Fitness Equipment for a total cost of \$112,087. The total principal and interest outstanding at June 30, 2025 is \$35,912. The total amount of accumulated depreciation that has been recorded since 2023 is \$90,292, with depreciation expense of \$37,362 in 2025.

The University entered into a new financed purchase contract financed by PNC Equipment Finance in FY24 for Storage Flasharray for a total cost of \$148,522. The total principal and interest outstanding at June 30, 2025 is \$108,124. The total amount of accumulated depreciation that has been recorded since 2024 is \$32,180, with depreciation expense of \$29,704 in 2025.

The University entered into a new financed purchase contract financed by Summit Funding Group in FY24 for new telephones for a total cost of \$113,715. The total principal and interest outstanding at June 30, 2025 is \$57,261. The total amount of accumulated depreciation that has been recorded since 2024 is \$41,696, with depreciation expense of \$22,743 in 2025.

The University entered into a new financed purchase contract financed by CNH Funding in FY24 for a Case Farmall Tractor for a total cost of \$97,773. The total principal and interest outstanding at June 30, 2025 is \$79,140. The total amount of accumulated depreciation that has been recorded since 2024 is \$15,132, with depreciation expense of \$13,968 in 2025.

Subscription Obligations

The University has various subscription-based information technology arrangements (SBITAs), the terms of which expire in various years through 2026. Subscription obligations are measured at the present value of subscription payments expected to be made during the subscription term. Variable payments based upon the use of the underlying asset are not included in the subscription liability because they are not fixed in substance.

The University uses its internal borrowing rate of 3.53 percent which reflects the University's cost of debt, to calculate the present value and interest applied to each subscription obligation whenever a stated rate is unavailable. Interest recognized on these obligations for the years ended June 30, 2025 and 2024 was \$18,149 and \$25,852, respectively. Future payments on all subscription obligations at June 30, 2025, are as follows:

Year Ending June 30	Total to be Paid	Principal	Interest
2026	217,515	198,034	19,481
2027	142,743	128,690	14,053
2028	147,327	137,991	9,336
2029	102,881	97,417	5,464
2030-2034	107,958	106,086	1,872
	<u>\$ 718,424</u>	<u>\$ 668,218</u>	<u>\$ 50,206</u>

Note 5: Retirement Plan and Net Pension Liability

General Information about the Pension Plans

The University participates in the Missouri State Employees' Retirement System (MOSERS), a cost-sharing, multiple-employer defined benefit public employee retirement system. MOSERS is administered by an 11-member board of trustees. A publicly available financial report that includes the financial statements and required supplementary information is issued. This report may be obtained by writing to Post Office Box 209, Jefferson City, Missouri 65102, or calling 573.751.2342.

MOSERS provides retirement and disability benefits, annual cost of living adjustments and death benefits to plan members and beneficiaries. Benefits are established by state statute which may be changed by the Missouri legislature with concurrence of the Governor.

Plan description. Benefit eligible employees of the University are provided with pensions through Missouri Employees' Plan (MSEP) – a cost-sharing, multiple-employer defined benefit pension plan(s) administered by MOSERS. The plans are referred to as MOSERS in the notes. Chapter 104.320 of the Revised Statutes of Missouri grants the authority to establish a defined benefit plan for eligible state and other related agency employees. MOSERS issues an Annual Comprehensive Financial Report (ACFR), a publicly available financial report that can be obtained at www.mosers.org.

Benefits provided. MOSERS provides retirement, disability and life insurance benefits to eligible employees. The base retirement benefits are calculated by multiplying the employee's final average pay by a specific factor multiplied by the years of credited service. The factor is based on the specific plan in which the employee participates, which is based on the employee's hire date. Information on the three plans administered by MOSERS (MSEP, MSEP 2000 and MSEP 2011 retirement plans) and how eligibility and the benefit amount is determined for each plan may be found in the Notes to the Financial Statements of MOSERS' ACFR.

Contributions. Per Chapter 104.436 of the Revised Statutes of Missouri, contribution requirements of the active employees and the participating employers are established and may be amended by the MOSERS board. Employees in the MSEP 2011 Plan are required to contribute 4.0 percent of their annual pay. The University's required contribution rates for the years ended June 30, 2025 and 2024, were 28.75 percent and 27.26 percent, respectively, of annual payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Contributions to the pension plan from the University were \$5,487,100 and \$4,944,330 for the years ended June 30, 2025 and 2024, respectively.

Missouri Western State University

Notes to Financial Statements
June 30, 2025 and 2024

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2025 and 2024, the University reported a liability of \$59,292,208 and \$60,559,927, respectively, for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024 and 2023, respectively, and the total pension liability used to calculate the net pension liability was determined by actuarial valuations as of those dates.

The University's proportion of the net pension liability was based on the University's actual share of contributions to the pension plan relative to the actual contributions of all participating employers for MOSERS plan years ended June 30, 2025 and 2024. At the June 30, 2024 measurement date, the University's proportion was 0.73 percent, a decrease from its proportion measured using 0.79 percent as of the June 30, 2023 measurement date.

There were no changes in benefit terms during the MOSERS plan year ended June 30, 2025 that affected the measurement of total pension liability.

For the year ended June 30, 2025, the University recognized pension expense of \$6,273,472. At June 30, 2025, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Inflows of Resources	Deferred Outflows of Resources
Differences between expected and actual experience	\$ -	\$ 2,880,188
Changes of assumptions	-	-
Net difference between projected and actual investment earnings and actual pension plan investments	-	3,998,964
Changes in proportion and differences between University contributions and proportionate share of contributions	2,630,004	-
University contributions subsequent to the measurement date of June 30, 2024	-	5,487,100
	<u>-</u>	<u>5,487,100</u>
Total	<u>\$ 2,630,004</u>	<u>\$ 12,366,252</u>

Missouri Western State University
A Component Unit of the State of Missouri
Notes to Financial Statements
June 30, 2025 and 2024

For the year ended June 30, 2024, the University recognized pension expense of \$2,244,607. At June 30, 2024, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Inflows of Resources	Deferred Outflows of Resources
Differences between expected and actual experience	\$ -	\$ 2,837,472
Changes of assumptions	-	-
Net difference between projected and actual investment earnings and actual pension plan investments	-	4,982,867
Changes in proportion and differences between University contributions and proportionate share of contributions	917,092	-
University contributions subsequent to the measurement date of June 30, 2023	-	4,944,330
Total	\$ 917,092	\$ 12,764,669

At June 30, 2025, there was \$5,487,100 reported as deferred outflows of resources related to pensions resulting from the University's contributions subsequent to the measurement date that will be recognized as a reduction of the net pension liability in the year ending June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in the University's fiscal year as follows:

2026	\$ 933,444
2027	2,651,244
2028	624,563
2029	39,897
	\$ 4,249,148

Missouri Western State University
A Component Unit of the State of Missouri
Notes to Financial Statements
June 30, 2025 and 2024

Actuarial assumptions. The total pension liability in the June 30, 2024 and 2023 actuarial valuations, which are also the dates of measurement for GASB 68 purposes, was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	2024	2023
Price Inflation	2.25 percent	2.25 percent
Salary Increases	2.75 percent to 10.00 percent including inflation	2.75 percent to 10.00 percent including inflation
Wage Inflation	2.25 percent	2.25 percent
Investment Rate of Return	6.95 percent, compounded annually, net after investment expenses and including inflation	6.95 percent, compounded annually, net after investment expenses and including inflation

The actuarial assumptions used in the June 30, 2024 valuation was based on the results of the most recent complete actuarial experience study, which covered the five-year period ended June 30, 2020.

Mortality: Mortality rates for post-retirement mortality is based on the Pub-2010 General Members Below Median Healthy Retiree mortality table, projected to 2025 with Scale MP-2020 and scaled by 104 percent from 2010 to 2020 and 75% of Scale MP-2020 for years after 2020. The pre-retirement mortality table used is the Pub-2010 General Members Below Median Employee mortality table, projected to 2020 with Scale MP-2020 and scaled by 75 percent for years after 2020.

Missouri Western State University
A Component Unit of the State of Missouri
Notes to Financial Statements
June 30, 2025 and 2024

Long-term investment rate of return: The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates rates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adjusting for expected inflation, volatility and correlations. Best estimates of the real rates of return expected are summarized in the following table:

<u>Asset Class</u>	<u>Policy Allocation</u>	<u>Long-term Expected Real Rate of Return*</u>	<u>Weighted Average Long-Term Expected Real Rate of Return</u>
Global public equities	30.0%	5.8%	2.3%
Global private equities	15.0%	7.4%	1.4%
Long treasuries	25.0%	1.6%	0.9%
Core bonds	10.0%	1.2%	0.3%
Commodities	5.0%	3.6%	0.3%
TIPS	25.0%	0.8%	0.7%
Private real assets	5.0%	5.2%	0.3%
Public real assets	5.0%	5.8%	0.4%
Hedge funds	5.0%	2.9%	0.2%
Alternative beta	10.0%	3.4%	0.5%
Private credit	5.0%	7.6%	0.5%
Cash and cash equivalents**	-40.0%	0.0%	0.0%
	<u>100.0%</u>		7.8%
			<u>-0.6%</u>
			<u>7.2%</u>
			-1.9%
			5.3%

A Component Unit of the State of Missouri
Notes to Financial Statements
June 30, 2025 and 2024

Discount rate. The discount rate used to measure the total pension liability at June 30, 2025 and 2024 was 6.95 percent and 6.95 percent, respectively. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from employers will be made at required rates, actuarially determined. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the University’s proportionate share of the net pension liability to changes in the discount rate. The following presents the University’s proportionate share of the net pension liability calculated using the current discount rate, as well as what the University’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	2025		
	1% Decrease 5.95%	Current Discount Rate 6.95%	1% Increase 7.95%

Pension plan fiduciary net position. Detailed information about the pension plan’s fiduciary net position is available in the separately issued MOSERS annual comprehensive financial report, available at www.mosers.org.

Payables to pension plan. As of June 30, 2025, the University had payables of \$468,373 to MOSERS due to the timing of the monthly payroll paid on June 30, 2025, and of two bi-weekly payroll periods, one that started June 8, 2025 and ended June 21, 2025, and another that was a nine day accrual that started June 22, 2025 and ended July 5, 2025. The \$468,373 was the portion of MOSERS allocated to June 30, 2025 but not paid until July 3, 2025 and July 14, 2025. As of June 30, 2024, the University had payables of \$445,930 to MOSERS due to the timing of the monthly payroll paid on June 30, 2024, and of two bi-weekly payroll periods, one that started June 9, 2024 and ended June 22, 2024, and another that was a seven day accrual that started June 23, 2024 and ended July 6, 2024. The \$445,930 was the portion of MOSERS allocated to June 30, 2024 but not paid until July 3, 2024 and July 17, 2024.

CURP

Beginning July 1, 2002, in accordance with Section 104.1200 through 104.1215 of the Revised Statutes of Missouri, all full-time faculty are enrolled in the College and University Retirement Plan (CURP) if they have not previously been enrolled in MOSERS. CURP is a noncontributory 401(a) defined contribution retirement plan for education employees at regional colleges/universities in Missouri that uses MOSERS as its third-party administrator. CURP provides a retirement program that offers interstate portability, immediate vesting and no minimum service requirement. Contributions made by the University are self-directed by participants into their selected individual accounts. By law, the CURP contribution rate is equal to 1 percent less than the normal cost contribution rate of the Missouri State Employees' Plan 200 (MSEP 200). After participating in CURP for at least six years, a faculty member may elect to become a member of MOSERS.

The University is required to contribute at an actuarially determined rate; the rate was 6.00 percent of annual covered payroll for 2025, 2024 and 2023. The University's contributions to the plan for the years ended June 30, 2025, 2024 and 2023 were \$403,695, \$368,447, and \$388,055, respectively, which equaled the required contributions for each year.

Note 6: Postemployment Healthcare Plan

Plan Description

On January 1, 2024, Missouri Western State University discontinued its Other Postemployment Benefits (OPEB) plan due to a change in policy. Prior to this date, the University provided a one-time opportunity for retirees to continue medical insurance coverage. Retirees who elected to continue medical insurance were required to pay monthly premiums. Monthly premiums for participating retirees under 65 years of age were provided at the same rate as regular employees. No assets were accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75. The Plan was considered a single-employer plan.

As of June 30, 2024, the OPEB liability was \$97,853. The discontinuation of the OPEB plan resulted in a reduction of the OPEB liability to \$77,499, as of June 30, 2025, as the remaining liability is due to the settlement of grandfathering participating retirees as of January 1, 2024.

Benefits Policy

The OPEB Plan provided medical and prescription drug benefits to eligible retirees and their dependents. Benefits were provided through a third-party insurer, and retirees contribute premiums ranging between \$788 to \$889 monthly for a single person or \$1,939 to \$2,188 for retiree and family. Employees who retired before reaching the age 65 had their insurance continued until the earlier of the date the plan is canceled or until their 65th birthday.

Notes to Financial Statements
June 30, 2025 and 2024

Employees Covered by Benefit Terms

At June 30, 2025 and 2024, the following employees were covered by the benefit terms:

	2025	2024
Inactive employees or beneficiaries currently receiving benefit payments	6	6
Inactive employees entitled to but not receiving benefit payments	-	182
Active employees	-	-
	6	188

Total OPEB Liability

The University's total OPEB liability of \$77,499 and \$97,853 was measured as of June 30, 2025 and 2024, respectively, for the years then ended, and was determined by actuarial valuations as of January 1, 2025 and January 1, 2024, respectively. Standard update procedures were used to roll-forward the total OPEB liability to June 30, 2025 and 2024.

The total OPEB liability in the June 30, 2025 and 2024 actuarial valuations were determined using the following actuarial assumptions, applied to all periods included in the measurement:

	2025	2024
Inflation	2.75%	2.75%
Discount rate	4.80%	4.10%
Salary increases	1.00%	2.50%
Health care cost trend rates	6.75% for 2025, gradually decreasing to an ultimate rate of 4.5% for 2032 and beyond	6.75% for 2024, gradually decreasing to an ultimate rate of 4.5% for 2032 and beyond

The discount rate used for the plan was the 20-year, tax-exempt general obligation municipal bonds with a rating of AA/Aa or higher.

Mortality rates were based on the Pub-2010 trended back eight years using scale MP-2022 and projected generationally for the year ended June 30, 2023. Mortality rates were based on the Pub-2010 trended back eight years using scale MP-2020 and projected generationally for the year ended June 30, 2022.

The University's annual OPEB cost, employer contributions, the percentage of annual OPEB cost contributed to the plan and the total OPEB obligation for June 30 are as follows:

2027		(22,772)
2028		(23,456)
2029		-
		<hr/>
	\$	<u>(57,545)</u>

Note 7: Commitments and Contingencies

Claims and Litigation

The University is currently involved in various claims and pending legal actions related to matters arising from the ordinary conduct of business. The University’s administration believes the ultimate disposition of the actions will not have a material effect on the financial statements of the University.

Government Grants

The University is currently participating in numerous grants from various departments and agencies of the federal and state governments. The expenditures of grant proceeds must be for allowable and eligible purposes. Single audits and audits by the granting department or agency may result in requests for reimbursement of unused grant proceeds or disallowed expenditures. Upon notification of final approval by the granting department or agency, the grants are considered closed.

Risk Management

The University is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses, natural disasters and employee health and accidental benefits. Commercial insurance coverage is purchased for claims arising from such matters other than those related to general liability and workers’ compensation.

Settled claims have not exceeded this commercial coverage in any of the three preceding years. Additional coverage is provided through the State Self Insurance program, through the Risk Management Division of the Department of Administration Services, in Jefferson City. The State of Missouri self-insures the workers’ compensation benefits for all state employees, including University employees. Claims are administered by the Missouri Office of Administration, Risk Management Section.

Note 8: Capital Projects

Building Improvements

FY25 building improvements included renovations and repairs to the Head Start area in Wilson Hall, renovations in Potter Hall and the completion of the Houlne Center for Convergent Technology Building.

Construction in Progress (CIP)

CIP includes a total of \$1.6 million the renovation of the Library in the Hearnes Center and \$.2 million for the Perka storage building for the Houlne Center for Convergent Technology. Both of these are expected to be completed in the Fall of 2025.

Note 9: Auxiliary System Condensed Financials

A segment is an identifiable activity for which one or more revenue bonds or other revenue backed debt instruments are outstanding. A segment has a specific identifiable revenue stream pledged in support of the revenue bonds or other revenue backed debt and has related expenses, gains and losses, assets and liabilities that can be identified.

The University has issued revenue bonds with the net revenues from the Auxiliary System pledged to pay the bond interest and principal. The Auxiliary System is comprised of University owned housing units, student centers, recreation and athletic facilities, bookstore and similar auxiliary enterprise units. Condensed financial statements for the Auxiliary System for fiscal years 2025 and 2024 are presented below.

Investments and Investment Return

Investments include marketable equity securities, debt securities, hedge funds, mineral rights, money market funds and CDs. Investments in specific money market funds and CDs are reported at cost, which approximates fair value. Investments in marketable equity securities, debt securities, hedge funds and mineral rights are carried at fair value, with unrealized and realized gains and losses on investments reported as an increase or decrease in net assets without donor restrictions or net assets with donor restrictions based upon donor imposed restrictions.

Investment income is reported in the statements of activities as without donor restrictions or with donor restrictions based upon donor-imposed restrictions.

Fair Value Measurements

In determining fair value, the Foundation uses various valuation approaches within the ASC 820 fair value measurement framework. Fair value measurements are determined based on the assumptions that market participants would use in pricing an asset or liability.

ASC 820 establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs, by requiring that the most observable inputs be used when available. ASC Topic 820 defines levels within the hierarchy based on the reliability of inputs as follows:

- Level 1** Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets; and
- Level 2** Valuations based on quoted prices for similar assets or liabilities, or identical assets or liabilities in less active markets, such as dealer or broker markets; and
- Level 3** Valuations derived from valuation techniques in which one or more significant inputs, or significant value drivers, are unobservable, such as pricing models, discounted cash flow models and similar techniques not based on market, exchange, dealer or broker-traded transactions.

Missouri Western State University
A Component Unit of the State of Missouri
Notes to Financial Statements
June 30, 2025 and 2024

Following is a description of the valuation methodologies used for instruments measured at fair value and their classifications in the valuation hierarchy.

Investments

Securities listed on a national market or exchange are valued at the last sales price, or if there is no sale and the market is still considered active, at the last transaction price before year-end. Such securities are classified as Level 1 or 2 of the valuation hierarchy, dependent upon the liquidity of their respective markets.

Beneficial Interest in Perpetual Trusts

The fair value for beneficial interest in perpetual trusts was determined by calculating the Foundation's proportional share of the assets held in trust as determined by the trustee of the trust and is classified as Level 3 within the valuation hierarchy.

Missouri Western State University

Notes to Financial Statements
June 30, 2025 and 2024

The following is a reconciliation of the beginning and ending balance of assets, measured at fair value on a recurring basis using significant unobservable (Level 3) input during the years ended June 30, 2025 and 2024.

	Beneficial Interest in Perpetual Trusts
Balance, June 30, 2023	\$ 5,104,954
Change in fair market value	249,329
Balance, June 30, 2024	5,354,283
Change in fair market value	189,345
Balance, June 30, 2025	\$ 5,543,628

Cash Surrender Value of Life Insurance

Various contributions are received specifically to be invested in life insurance policies covering selected students and patrons of Missouri Western State University. The Foundation is the owner and beneficiary of these policies. The annual increase in the cash surrender value of the policies is recorded as income with donor restrictions. Any proceeds from these policies are restricted for use on physical plant maintenance and major capital improvements.

Pledges Receivable

Pledges receivable are generally due within one to ten years and are stated at the pledged amount. The carrying amount of pledges receivable is reduced by the amount of a discount related to those pledges that are to be collected over a period longer than one year. Management has also established a valuation allowance that reflects management's best estimate of amounts that will not be collected, based on management's assessment of the collectability of specific donors' pledges and the aging of pledges receivable. All such pledges, or portions thereof deemed to be uncollectible, are written off to the allowance for uncollectible pledges.

Missouri Western State University
A Component Unit of the State of Missouri
Notes to Financial Statements
June 30, 2025 and 2024

Included in pledges receivable are the following unconditional promises to give:

	<u>2025</u>	<u>2024</u>
Total pledges receivable	\$ 3,714,157	\$ 3,432,385
Less allowance for uncollectible pledges	106,899	81,265
Less unamortized discount	541,083	606,318
Net pledges receivable	<u>3,066,175</u>	<u>2,744,802</u>
Less pledges receivable, current portion	<u>428,637</u>	<u>400,578</u>
 Net pledges receivable, long-term	 <u>\$ 2,637,538</u>	 <u>\$ 2,344,224</u>
Amount due in		
Less than one year	\$ 535,536	\$ 481,843
One to five years	2,096,940	1,569,075
Six to ten years	721,490	1,321,319
Thereafter	<u>360,191</u>	<u>60,148</u>
	 <u>\$ 3,714,157</u>	 <u>\$ 3,432,385</u>

Imputed discount rate of 4.31 percent was used in discounting long-term pledges receivable for 2025. Imputed discount rates of 4.36 percent was used in discounting long-term pledges receivable for 2024.

The Foundation has been notified that it is designated as a beneficiary of numerous trusts. These gifts are revocable and are not recognized within the accompanying financial statements due to their conditional nature.

Deferred Income

Revenues from memberships and future special events are recognized in the fiscal year to which the memberships relate or the special events occur. Memberships for the upcoming fiscal year are reported as deferred revenue at June 30 of the current year.

Other Equity Interests

During 2012, the Foundation purchased 45 Class A Units in a partnership that is carried at cost, defined as the lower of cost or fair market value. The carrying value of this equity interest totals \$450,000 at June 30, 2025 and 2024.

Missouri Western State University
A Component Unit of the State of Missouri
Notes to Financial Statements
June 30, 2025 and 2024

During 2013, the Foundation purchased a 7.69 percent ownership interest in a community based limited liability company. This investment is carried on the Foundation's books at cost, defined as the lower of cost or fair market value. The carrying value of this equity interest totals \$500,000 at June 30, 2025 and 2024.

During 2020, the Foundation purchased a 0.66 percent ownership interest in a limited liability company that is carried at cost, defined as the lower of cost or fair market value. The carrying value of this equity interest totals \$156,818 at June 30, 2025 and 2024.

During 2025, the Foundation purchased a membership interest in a limited liability company that is carried at cost, defined as the lower of cost or fair market value. The carrying value of this equity interest totals \$1,000,000 at June 30, 2025.

These equity investments are reviewed for impairment on an annual basis. Management does not believe there is any impairment at June 30, 2025 or 2024.

Net Assets

Financial statement presentation follows the recommendations of Accounting Standards Codification (ASC) 958-205, *Financial Statements of Not-for-Profit Organizations*. Under ASC 958-205, the Foundation is required to report information regarding its financial position and activities according to two classes of net assets. Net assets, revenues, gains and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions

Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for board-designated endowments.

Net Assets With Donor Restrictions

Net assets subject to donor- (or in certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Missouri Western State University
A Component Unit of the State of Missouri
Notes to Financial Statements
June 30, 2025 and 2024

Nature and Amount of Net Assets With Donor Restrictions

Purpose restricted net assets are available for the following purposes:

	<u>2025</u>	<u>2024</u>
Scholarships	\$ 14,198,094	\$ 11,429,780
Programmatic and departmental support	13,802,683	14,572,751
Special programs	<u>916,933</u>	<u>891,008</u>
Total	<u>\$ 28,917,710</u>	<u>\$ 26,893,539</u>

Perpetually restricted net assets are available for the following purposes:

	<u>2025</u>	<u>2024</u>
Scholarships	\$ 21,185,487	\$ 19,995,738
Academic departments	8,162,472	8,121,466
Other	<u>1,463,728</u>	<u>1,441,366</u>
Total	<u>\$ 30,811,687</u>	<u>\$ 29,558,570</u>

Income Taxes

The Foundation is a not-for-profit organization exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. It is not considered to be a private foundation. The Foundation follows the standard for evaluating uncertain tax positions and has determined no liability should be recorded for uncertain tax positions.

Endowments

The Foundation's endowments consist of 204 funds established to support a variety of scholarships, programs and departments at the University. Its endowments consist of both donor-restricted endowment funds and funds designated by the board of directors (the board) to function as endowments. As required by U.S. GAAP, net assets associated with endowment funds, including funds designated by the board to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Missouri Western State University
A Component Unit of the State of Missouri
Notes to Financial Statements
June 30, 2025 and 2024

Interpretation of Relevant Law

The board of the Foundation has interpreted Missouri's enactment of the *Uniform Prudent Management of Institutional Funds Act* (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. Consequently, the Foundation classifies perpetually restricted net assets as:

- The original value of gifts donated to the permanent endowment, and
- The original value of subsequent gifts to the permanent endowment

The remaining portion of the donor-restricted endowment fund not classified as perpetually restricted is classified as purpose restricted net assets until those amounts are appropriated for expenditure by the Foundation's board.

Return Objectives and Risk Parameters

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to the programs supported by the endowments. The endowment assets are invested in a manner that is intended to produce results similar to the S&P 500 Index while assuming a moderate level of investment risk.

Spending Policy

The Foundation has a policy of appropriating for distribution each year 3.75 percent of the endowment fund's average balance using a five-year rolling average for program purposes. The Foundation policy also appropriates a 1.75 percent administrative fee based on the fiscal year-end endowment balance.

In establishing this policy, the Foundation considered the long-term expected returns on its endowment investments. Accordingly, over the long-term, the Foundation expects the current spending policy will allow its endowment to retain the original corpus of the gift.

Strategies Employed for Achieving Objectives

The Foundation relies on a total return strategy in which investment returns are achieved through capital appreciation and current yield (interest and dividends). The Foundation targets a diversified asset allocation that emphasizes fixed income securities to achieve its long-term objectives within prudent risk constraints.

Related Parties

During the years ended June 30, 2025 and 2024, the Foundation paid the University \$429,447 and \$324,572, respectively, for use of office space, telephones, postage, printing, publications, and a portion of the salaries of staff and students employed by the University. Included in accounts payable at June 30, 2025 and 2024 was \$1,231,988 and \$605,513, respectively, due to the University.

Missouri Western State University
A Component Unit of the State of Missouri
Notes to Financial Statements
June 30, 2025 and 2024

Liquidity and Availability

The Foundation regularly monitors liquidity required to meet its operating needs and other contractual commitments, while also striving to maximize the investment of its available funds. The Foundation has various sources of liquidity at its disposal, including cash and cash equivalents, investments, pledges receivable, notes receivable, and interest, dividend and other receivables.

In addition to financial assets available to meet general expenditures over the next 12 months, the Foundation operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources.

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the balance sheet date, comprise the following:

	2025	2024
Cash and cash equivalents	\$ 2,977,756	\$ 2,682,445
Investments	52,439,847	49,078,917
Pledges receivable, net	428,637	400,578
Interest, dividends and other receivables	127,123	91,395
Total financial assets	55,973,363	52,253,335
Contractual or donor-imposed restrictions		
Cash restricted to specific uses	(3,484,102)	(3,509,780)
Restricted investments	(47,397,556)	(43,709,446)
Pledges restricted to specific uses	(417,440)	(385,124)
Interest receivable restricted to specific uses	(69,115)	(69,981)
Total restrictions imposed	(51,368,213)	(47,674,331)
Board designations		
Operating reserves and endowments	(3,339,710)	(2,709,945)
Financial assets available to meet cash needs for expenditures within one year	\$ 1,265,440	\$ 1,869,059

The Foundation's endowment funds consist of donor-restricted endowments and funds designated by the board as endowments. Income from donor-restricted endowments is restricted for specific purposes, with the exception of amounts available for general use. Donor-restricted endowment funds are not available for general expenditure.

Although the Foundation does not intend to spend from the board-designated endowment, these amounts could be made available if necessary.

Notes to the Schedule of Expenditures of Federal Awards
Year Ended June 30, 2025

Notes to Schedule

1. The accompanying schedule of expenditures of federal awards (Schedule) includes the federal award activity of Missouri Western State University under programs of the federal government for the year ended June 30, 2025. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Missouri Western State University it is not intended to and does not present the financial position, changes in net position or cash flows of Missouri Western State University.
2. Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Missouri Western State University has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.
3. The University provided no federal awards to subrecipients.

4. Federal Loan Funds – Not Subject to Compliance

The University has certain federal student loan funds not subject to continuing compliance requirements, such as the Federal Direct Student Loans. Since the University does not administer the program, the outstanding loan balances have not been included in the Schedule. New loans made during the year under this program are included in the Schedule.

**Report on Internal Control Over Financial Reporting
and on Compliance and Other Matters Based on
an Audit of Financial Statements Performed in
Accordance with *Government Auditing Standards***

Independent Auditor's Report

Board of Governors
Missouri Western State University
St. Joseph, Missouri

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the business-type activities and the discretely presented component unit of Missouri Western State University (the "University"), collectively a component unit of the State of Missouri, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the University's basic financial statements, and have issued our report thereon dated December 19, 2025.

Our report includes a reference to other auditors who audited the financial statements of Missouri Western State University Foundation, Inc. (the "Foundation"), the discretely presented component unit, as described in our report on the University's financial statements. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or compliance and other matters associated with the Foundation or that are reported on separately by those auditors who audited the financial statements of the Foundation.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the University's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Forvis Mazars, LLP

**Kansas City, Missouri
December 19, 2025**

Report on Compliance for The Major Federal Program and Report on Internal Control Over Compliance

Independent Auditor's Report

Board of Governors
Missouri Western State University
St. Joseph, Missouri

Report on Compliance for The Major Federal Program

Opinion on The Major Federal Program

We have audited Missouri Western State University's (the "University") compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on the University's major federal program for the year ended June 30, 2025. The University's major federal program identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2025.

Basis for Opinion on The Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the "Auditor's Responsibilities for the Audit of Compliance" section of our report.

We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the University's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the University's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the University's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the University's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the University's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the University's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as item 2025-001. Our opinion on each major federal program is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on the University's response to the noncompliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The University's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response. The University is responsible for preparing a corrective action plan to address each audit finding included in our auditor's report. The University's corrective action plan was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on it.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the “Auditor’s Responsibilities for the Audit of Compliance” section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2025-001, to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the University’s response to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The University’s response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response. The University is responsible for preparing a corrective action plan to address each audit finding included in our auditor’s report. The University’s corrective action plan was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on it.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Summary of Findings and Questioned Costs
Year Ended June 30, 2025

Section I – Summary of Auditor’s Results

Financial Statements

1. Type of report the auditor issued on whether the financial statements audited were prepared in accordance with GAAP:

Unmodified Qualified Adverse Disclaimer

2. Internal control over financial reporting:

Significant deficiency(ies) identified? Yes None reported
Material weakness(es) identified? Yes No

3. Noncompliance material to the financial statements noted?

Yes No

Federal Awards

4. Internal control over major federal awards programs:

Significant deficiency(ies) identified? Yes None reported
Material weakness(es) identified? Yes No

5. Type of auditor’s report issued on compliance for major federal program(s):

Unmodified Qualified Adverse Disclaimer

6. Any audit findings disclosed that are required to be reported by 2 CFR 200.516(a)?

Yes No

Section III – Findings Required to be Reported by the Uniform Guidance

Reference Number	Finding
2025-001	<p>Student Financial Assistance Cluster U.S. Department of Education Federal Student Direct Loans CFDA 84.268 Federal Pell Grant Program 84.063 Award Year: 7/1/2024 - 6/30/2025</p> <p>Criteria or Specific Requirement – Special Tests and Provisions: NSLDS Reporting 34 CFR 685.309(b) states that upon receipt of an enrollment report from the Secretary, a school must update all information included in the report and return the report to the Secretary in the manner and format prescribed by the Secretary and within the timeframe prescribed by the Secretary. Unless it expects to submit its next updated enrollment report to the Secretary within the next 60 days, a school must notify the Secretary within 30 days after the date the school discovers that a loan under Title IV of the Act was made to or on behalf of a student who was enrolled or accepted for enrollment at the school, and the student has ceased to be enrolled on at least a half-time basis or failed to enroll on at least a half-time basis for the period for which the loan was intended.</p> <p>Condition – The University did not ensure accurate and timely notification to the National Student Loan Data System (NSLDS) of student status changes and program-level enrollment data.</p> <p>Cause – Management oversight during a status update report submission.</p> <p>Effect – The NSLDS was not notified of the student enrollment status or program-level records on a timely and accurate basis.</p> <p>Questioned Costs – None noted.</p> <p>Context – Out of a population of 384 student enrollment status changes requiring notification, a sample of 25 students were selected for testing. Out of these 25 students, there was one selected where the campus and program-level record information was not in agreement between the NSLDS and the campus level information. Out of these 25 students selected for testing, there were six instances in which the student's status change was reported after the 60 day requirement. The sample was not, and was not intended to be, a statistically valid sample.</p> <p>Identification as a Repeat Finding – Not a repeat finding.</p> <p>Recommendation – The University should review and update its processes and controls to ensure student status changes for program-level records are reported to the NSLDS in a timely and accurate manner. Additionally, we recommend that a formal reconciliation process is completed to validate the procedure is completed on a regular basis.</p> <p>Views of Responsible Officials and Planned Corrective Actions – MWSU will meet the requirements in accordance with 34 CFR Section 685.309 by reviewing the enrollment reporting submitted to NSLDS through the National Student Clearinghouse (NSC) each month and comparing to MWSU's student information system to ensure that all dates and information submitted for the month is accurate and timely.</p>
