

## Measure 2: Indicators of Teaching Effectiveness (MOCA pass rates)

All teachers in Missouri are required to pass one or more Missouri Content Assessments (MOCA) in their area of content expertise. Passing scores for these assessments are determined by the Missouri Department of Elementary and Secondary Education (DESE).

Passing rates on the Missouri Content Assessments are used as an indicator on DESE's Annual Performance Report (APR) which determines initial certification and accreditation of Education programs in the state.

The pass rates reported below indicate candidates reporting to the MWSU EPP who attempted the MOCA between 2018-2022. 100% of candidates in graduate initial preparation program are required to pass the MOCA before or immediately after admission.
