Thank you for your valuable input, collaboration, and time.

The members of the Missouri Western Education Department are appreciative of your partnership and committed to continuously improving our program in order to prepare effective teachers for your schools and districts.

Thank you for welcoming our teachers into your district!

Discussion Topic#1: Requested topic from Spring 2021 feedback survey

How can the MWSU Education Department partner with your district to recruit, prepare, and retain more teachers, particularly teachers from diverse backgrounds and in high need areas?

Discussion Topic #2:

How well do MWSU Education Department programs meet current needs in the community?
How can programs be efficiently and effectively realigned to meet current needs?

Discussion Topic #3:

Based on 2021 data and your experience with MWSU teachers in your buildings, in what ways is the MWSU Education Department successfully preparing teachers?

What initiatives are your schools and districts taking part in?

What are some successful approaches you have found to support the success of beginning and continuing teachers?

CALL FOR 3RD PARTY COMMENT:

The Department of Education at Missouri Western State University is hosting an accreditation visit by the Council for the Accreditation of Educator Preparation (CAEP) on April 10, 2022.

Interested parties are invited to submit third-party comments to the evaluation team. Please note that comments must address substantive matters related to the quality of professional education programs offered, and should specify the party's relationship to the provider (i.e., graduate, present or former faculty member, employer of graduates).

We invite you to submit written testimony to:

CAEP

1140 19th Street NW, Suite 400

Washington, DC 20036

Or by email to: callforcomments@caepnet.org

Such comments must be within the specified period and based on the core tenets of CAEP accreditation standards of excellence, which recognize that:

- In CAEP's performance-based system, accreditation is based on evidence that demonstrates that teacher candidates know the subject matter and can teach it effectively so that students learn. In the CAEP system, EPPs must prove that candidates can connect theory to practice and be effective in an actual P-12 classroom.*
- A professional education provider that is accredited by CAEP is expected to be involved in ongoing planning and evaluation; engaged in continuous assessment and development; ensure that faculty and programs reflect new knowledge, practice, and technologies; and be involved in continuous development in response to the evolving world of education and educational reform.*
- Comments must address substantive matters related to the quality of professional education programs offered, and should specify the respondent's relationship, if any, to the institution (i.e., graduate, present or former faculty member, employer of graduates). Copies of all correspondence received will be sent to the university for comment prior to the review.*
