Satisfactory Academic Progress Program Review

Federal regulations require institutions to ensure that each recipient of federal financial assistance is able to complete his or her degree program within 150% of the published length of the program as measured in attempted hours. Attempted hours consist of all hours a student has taken, including repeated, developmental, audited, failed and withdrawn courses. Western’s complete Satisfactory Academic Progress policy is available online at www.missouriwestern.edu/finaid (select Policies and Information).

Maximum Timeframe:
- **Associate’s Degree**: Students must be able to complete degree requirements within 93 attempted hours.
- **Bachelor’s Degree**: Students must be able to complete degree requirements within 186 attempted hours.
- **Associate’s and Bachelor’s Degree**: Students who have exceeded 93 attempted hours should be enrolled in coursework required for completion of the bachelor’s degree program.

Western’s policy also indicates that students should officially declare a degree program by 60 attempted hours.
