## **GRIFFON GPS – Getting Started**

Graduation Planning System Overview

#### What is Griffon GPS?

Griffon GPS is an online planning tool which produces a comprehensive degree audit and reviews past, current and planned coursework to help students and advisors monitor progress toward degree completion. The audit will display the courses students must complete to achieve their degree in an easy to read format. Griffon GPS is not a substitution for consultation with a professional academic advisor.

#### **How can I access Griffon GPS?**

Griffon GPS can be accessed through your Goldlink account. Student Academics tab, Student Records channel.

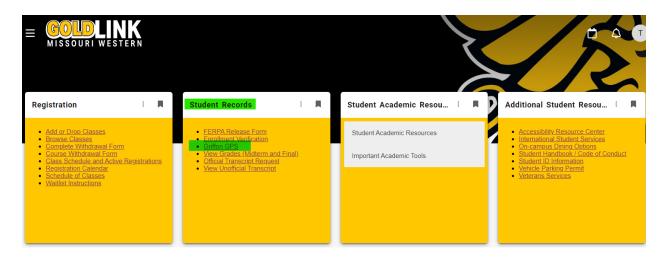

#### What are the benefits of Griffon GPS?

- Will help determine what requirements you need to fulfill in order to complete your degree.
- Allows students and advisors to view individual course grades, major GPA and overall GPA.
- Determines how transfer credit hours may fit into your degree.
- Will show how departmental substitutions and waivers will apply to your major, concentration or minor.
- Will allow students or advisors to apply current credit hours toward a different major, concentration or minor.

## **GRIFFON GPS – Getting Started**

## **Accessing Griffon GPS**

1. Login to your Goldlink account and on the Student Records card click on Griffon GPS.

#### **Student Header**

The Student Header includes general student information and advisor contact information. This header also provides important degree information such as total credit hours and GPA.

- Credit Hours Required minimum number of credit hours required to graduate
- Credit Hours Applied credit hours applied toward the credit hours required to graduate.
   NOTE: this number includes completed courses as well as in-progress courses and future courses the student is enrolled in. Does not include coursework under 100 level.
- Overall GPA
- Major GPA
- Advisor name and contact information (contact information can be viewed when hovering mouse over advisor name)
- Degree
- Major(s)/Minor(s)/Concentration(s)

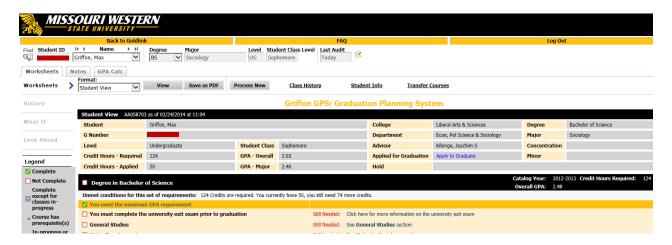

#### **Student View**

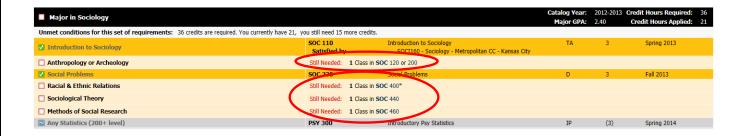

The Student View is the default worksheet format type. It provides general information about the completed and remaining degree requirements, grouped into various sections or blocks such as:

- Degree
- General Studies
- Major requirements
- 30 Upper Division

- Elective Courses
- Insufficient, Audits, and Withdrawals
- In-Progress
- Courses Not Counted

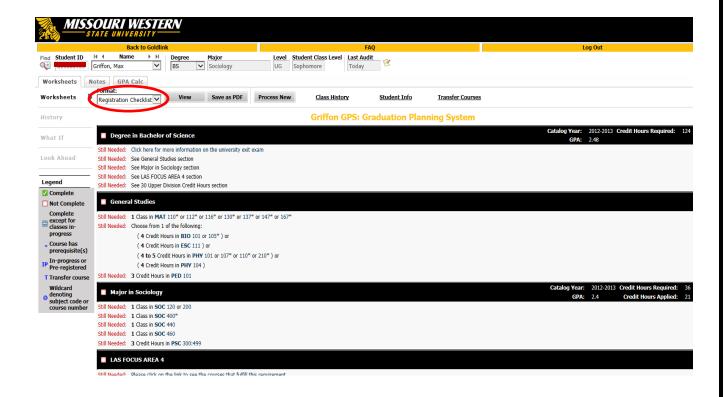

To quickly review what you still need to complete, look in the middle section of the page for the "Still Needed" requirements listed in red.

#### **Griffon GPS – Worksheets**

## **Registration Checklist**

To change to this view use the Worksheet Format drop down and select "Registration Checklist" and click the "View" button. This view will display only those areas and courses which still need to be fulfilled.

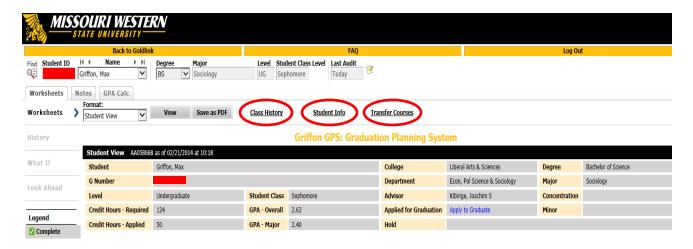

#### **Griffon GPS – Worksheets**

#### **Student View Links**

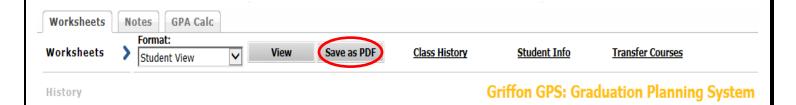

Several links have been added to the top of the Student View Worksheet.

- Class History- will provide a pop-up with a chronological class listing of coursework attempted at MWSU and in transfer (transfer courses will appear as attempted in the term the student first entered (or returned to) MWSU). Mid-term grades will display in Class History once they have been posted until the final grades are posted (however, mid-term grades will not display in the audit).
- Student Info- a pop-up that will display information such as: student address and phone
  number, student photo, academic standing, citizenship, visa type, high school
  information, test scores.
- Transfer Courses- this pop-up provides a detailed listing of transfer courses and the corresponding grade(s) you received.

#### Save as PDF

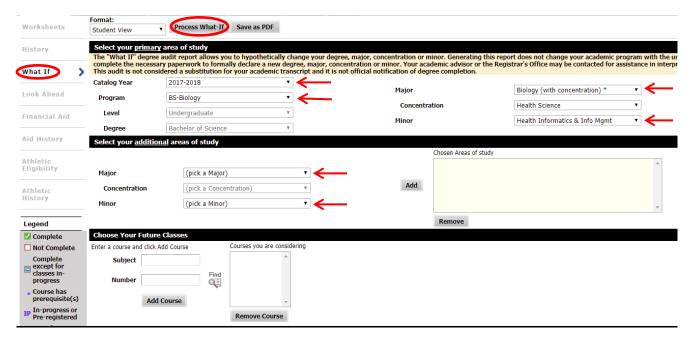

The Save as PDF button is to be used to print the audit or it can be saved to a jump drive. The audit will open in a pop-up window and the complete audit can be saved or printed from here.

#### **Griffon GPS – Worksheet Tabs**

#### What If Tab

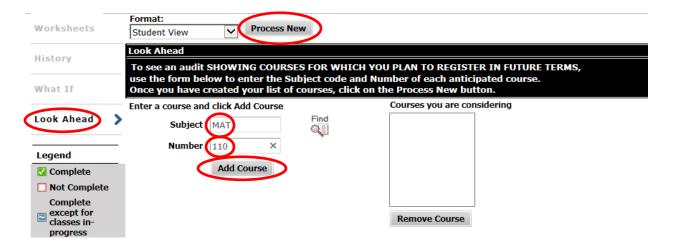

The "What If" function allows you (or your advisor) to hypothetically change your major, concentration or minor. The "What If" degree audit will show what coursework is required for the new major, concentration or minor, what courses have been taken that satisfy requirements, and what courses are still left to be taken. It is important to realize that generating this report does not officially change your academic program with the university. Once all of the criteria has been selected from the drop down boxes, click "Process What-If" button.

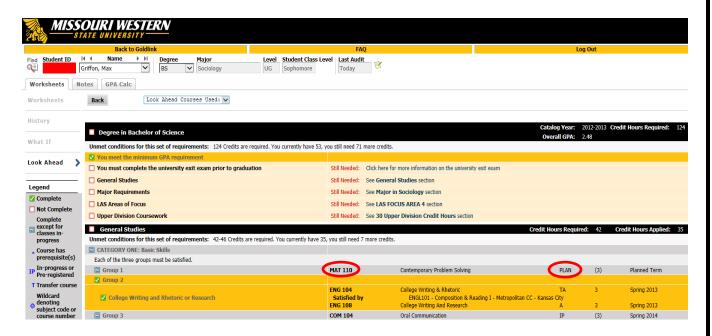

#### **Griffon GPS – Worksheet Tabs**

#### Look Ahead Tab

The look ahead feature will allow you to enter courses in which you intend to register for in future terms and see how it would affect your audit. Enter Subject and Course number, then click "Add Course." Once all classes are added, click the "Process New" button.

These courses will show up on the audit with the word PLAN displaying in the grade field.

#### **Griffon GPS – Header Tabs**

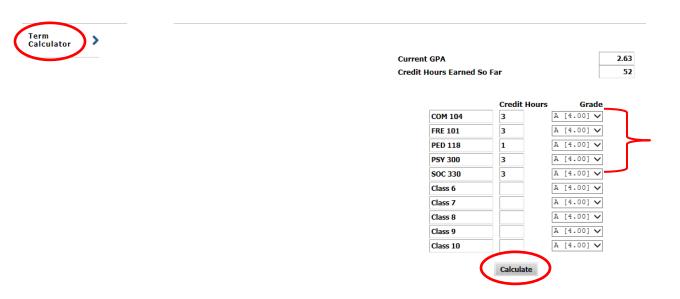

#### **Notes**

The Notes tab is used by advisors to write brief notes regarding advising appointments. All notes display at the bottom of the audit. Periodically the Registrar's Office will be deleting alternate PIN's from the Notes (after the add/drop period has ended) since these numbers expire and to eliminate any confusion semester-to-semester.

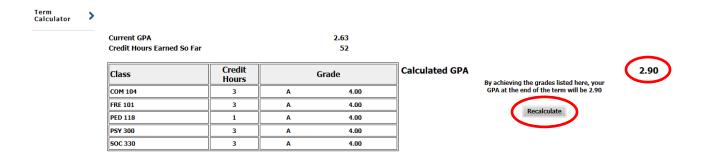

#### **GPA Calc**

The GPA Calculator will give a potential Overall GPA after entering anticipated grades you will receive for the term. The results displayed are unofficial. Please note that in most cases, the last attempt of a course is what is calculated into the Overall GPA. If a course is being repeated which a passing grade (A-D) was previously received, the GPA calculation will differ from what is displayed. Select the grade you think you will earn in each class and click "Calculate."

The following calculation page will display. If you want to check the GPA with different grades, click "Recalculate" and it will return to the screen above.

**Griffon GPS – Worksheet Legend** 

## Legend

## Complete:

This symbol will appear beside all requirements within the audit that have been completed. The row will be highlighted gold and will display the course(s) that fulfilled the requirement along with the grade and term in which the course was taken.

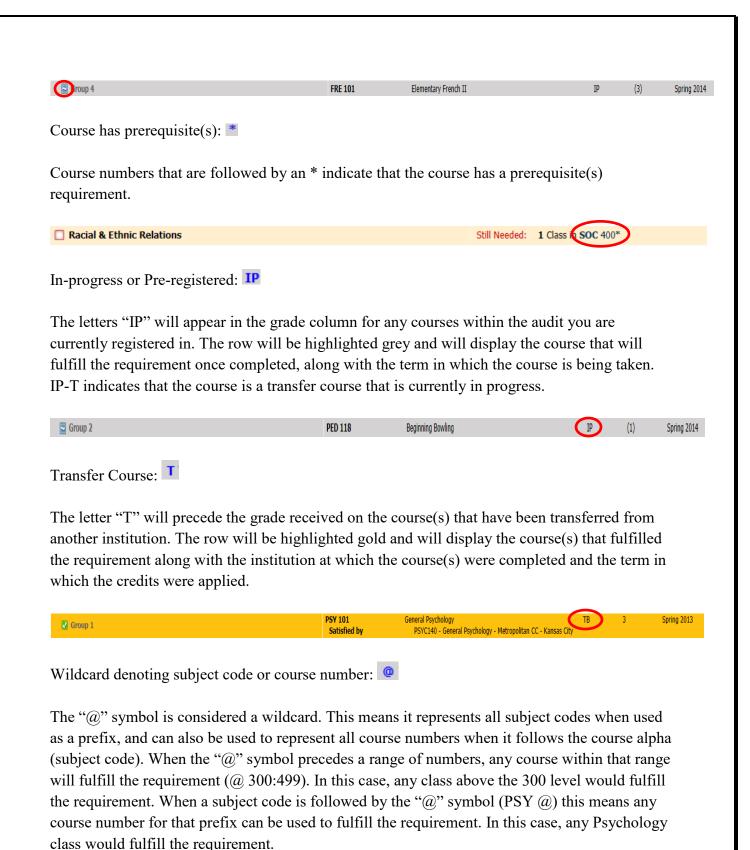

This symbol will appear beside all requirements that have not been completed. The row will be highlighted light yellow and will indicate the course(s) that will complete the requirement.

Complete except for courses in-progress:

This symbol will appear beside all requirements that are complete except for in-progress courses. The row will be highlighted grey and will indicate the course(s) that will complete the requirement.

**30 Upper Division Credit Hours:** Lists all of the courses used to fulfill the 30 hours of 300-499 level classes that are required for a bachelor's degree.

**Additional Blocks:** These blocks will not always appear within an audit. They will only display if you have courses which meet the parameters for each individual block.

**Elective Courses:** These courses do not fulfill a specific requirement, but the credits count toward graduation hours.

PSY 300	Introductory Psy Statistics				IP	3	Spring 2014
SOC 330	The Family				IP	3	Spring 2014

Courses Not Counted: Any course below the 100 level will fall here. These courses do not count toward graduation hours. However, an exception to this rule is if a transfer course taken at another institution was above the 100 level at the other school, the hours need to be added back in to the applied credit hours in the student header at the top of the audit. In the example below, the RDG 095 equivalency taken at MCC was READ 100. Although the course equivalent is RDG 095 and normally does not count toward graduation, the original course was a 100-level, so the hours will be calculated back in manually when you apply to graduate.

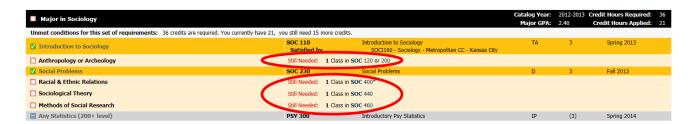

**Notes:** This block displays all notes that have been entered and will print on all audits. The individuals name and date who entered the note will display.

## **Griffon GPS – Reading the Audit**

"Still Needed"-these courses or requirements have not been met by previous courses taken and are not currently in-progress.

**Substitutions** - substitutions will be identified in the area of the requirement in which the substitution has been allowed. Underneath the area in which the substitution occurred you will see "Exception," the date in which the substitution was entered by the Registrar's Office and a brief description of the allowed substitution.

**Waivers** - waiving of major requirements will be identified on the audit with a green checkmark next to the satisfied requirement. Underneath the waived course you will see "Exception," the date in which the waiver was entered by the Registrar's Office and a brief description of the allowed waiver.

## Griffon GPS - Important FAQ's

**Q:** Does Griffon GPS include transfer work and other non-traditional credit (e.g. AP, IB, CLEP, military credit, departmental credit, etc.)?

**A:** Yes. Once any coursework not taken at MWSU is evaluated it will appear in the student's record and in their degree audit. The only exceptions will be if they have coursework earned at MWSU prior to summer of 1985. You may contact the Registrar's Office (271-4231) with questions.

Q: Can students register using Griffon GPS?

**A:** No. They must register through their Goldlink account, Registration card, Add or Drop Classes.

**Q:** How current will my information be in Griffon GPS?

**A:** The information in Griffon GPS is refreshed each night. Any changes made today (e.g., grade changes or classes added/dropped) will be seen in degree audit tomorrow.

**Q:** An advisor petitioned to waive/substitute a course for a student. How will that course appear in Griffon GPS?

**A:** After an exception to the standard requirements is approved by the Department Chair and the Dean of the given college/school the information is forwarded to the Registrar's Office for entry into the student's record. After the nightly refresh, the change will appear on the student's degree audit and an additional line will appear under it that explains why the exception was entered.

**Q:** How does Griffon GPS decide where to place courses that the student has completed?

**A:** Griffon GPS looks at programs holistically, and places each course using a "best fit" scenario. The "best fit" process will not always be perfect, particularly when multiple possibilities exist. Classes may apply to different blocks as they take more courses. If there is a course that does not appear in the area in which you expected, please contact the Registrar's Office for assistance (271-4231).

### **Griffon GPS – Important FAQ's continued**

**Q:** The student is pursuing two degrees (a BFA and BS, etc.). Only one appears on the audit. How can I check the requirements for the other program of study?

**A:** Look at the degree information next to the student name at the top of the screen. You'll notice that the degree box has a drop-down arrow. Use this to select their second degree.

**Q:** Are there requirements for graduation that Griffon GPS doesn't check?

**A:** A few. While Griffon GPS has been designed to check almost everything that must be complete to qualify for graduation, there may be additional requirements for specific majors that must be completed as well. Griffon GPS should be used in conjunction with MWSU's catalog and any information that the major department provides to ensure that students remain on track for graduation.

**Q:** I have completely reviewed my student audit and I still feel like it is incorrect. Who should I contact?

**A:** Please contact your advisor with questions. You may also contact the Degree Audit Coordinator (271-4231) in the Registrar's Office for help.
