

2019 Prompt:

A recent poll stated that 50% of college students would give up their right to vote in two presidential elections to wipe away their student debt. Is this something that you would do? Consider all the influential factors for making this decision and build an argument for why you would or would not be willing to make this deal. Support your argument with a variety of evidence. Cite sources, if any, as appropriate. Your essay should be 600-700 words, double spaced, 12-point font, with 1-inch margins on all sides. These essays will be evaluated on the strengths of the argument and the writing.
