An exception could possibly be made for a student to continue to work on campus, reference Student Employment On-Campus Criteria Exceptions below.

Student Employment On-Campus Criteria Exception

If a student falls below the criteria to be a student employee the following steps will be taken:

1. The supervisor will be contacted by Human Resources to discuss the student employee who has fallen below the student employment criteria.
2. An email will be sent to the student employee and supervisor stating the student has fallen below the student employment criteria and the student employee will have to stop working on the date stated from the email received.
3. A Student Employment Exception Form will be attached to the email that the student employee and supervisor receive. If the student meets any of the exception options on the form, they may complete the form, attach any documents if needed and return it to Human Resources in Popplewell 117. If approved or denied, the student employee and supervisor will be notified within three business days.

Note: GPA is reviewed at the end of every semester after grades are posted. Credit hours are reviewed on an ongoing basis.

3.3 Student Employment Funding Sources

A student working on campus at Missouri Western State University is paid through Federal Work Study (FWS) or Institutional funds. Funds are allocated to a department at the discretion of the divisional vice president.

3.4 Posting a Position on People Admin

All student positions are required to be posted on People Admin. Hiring departments need to make the position available to the general student population for a minimum of three (3) business days.

- To initiate a position posting, filling out a Position Posting Request Form can be searched on the University A-Z on the page “Forms Employees.”

To learn how to use People Admin contact Employment Coordinator in Human Resources for more details or reference “Instructions” located on the Faculty/Staff Resources page.

3.5 Student Position Descriptions

Due to guidelines set by the Department of Education, all student positions must contain the following information:

1. Name/Title of position

3.6 Interview and Selection

Hiring departments should treat the student employment hiring process in a similar manner to hiring any other part-time or full-time employee.

Reviewing Applications

People Admin will allow all students to apply and the application process may be required to attach additional documents at the discretion of the hiring department (i.e. resume, cover letter, and class schedule). Please contact the Employment Coordinator for more information.

Interview and Selection

Hiring departments are not required to interview every applicant. It is a good idea to narrow the field of qualified applicants by screening resumes against the qualifications/requirements of the position. Students who are not selected for an interview should be marked appropriately in People Admin.

- Hiring departments may then request an interview in People Admin for approval. Once Interview is approved in People Admin, interviewing may be set up.

Note: By interviewing candidates, departments are able to assess applicants, while providing students the opportunity to practice their interviewing skills. All questions asked during the interview should be job related and asked in every candidate interview, hiring decisions should be based on objective criteria. Departments can then select the best candidate for the position.

Note: We **HIGHLY** recommend you call interviewed not hired applicants personally rather than simply sending an email.

Tips for Interviewing Prospective Students

1. Prepare for the interview. Create a list of questions ahead of time. Attempt to ask all applicants for the same job the same type of questions, although individual experiences and follow-up questions may send you down different paths. Clear your desk. Do what you can to minimize interruptions, and focus on the candidate.
2. Put the student at ease with some small talk. Job interviews can make even the seasoned employee stressed, and you may have applicants who have no formal employment experience. If you can't move to a separate office or leave your post, explain to the student the nature of your work, and that the phone might ring (let it go to voicemail if possible) during your interview.
3. Give the student some perspective about the job. Go over the job description from the posting, and put it in the framework of the function of your office or department. (i.e. "Our department is responsible for on-campus employment, and the student hired for this position will be helping newly hired students complete the hiring paperwork.") (Give the student a copy of the job description.)
4. Ask questions that will get the information you need. Use open-ended questions instead of ones that result in "yes" or "no." You can begin with "What interested you in this position?" and "What did you like best/worst about your last job?" If the student does not have formal work experience, try asking, "What did you like best about your senior year in high school?" "What accomplishment has given you the most satisfaction?"
5. Give a brief overview of your performance expectations, beginning with the schedule. Is it fixed, or flexible? What happens when a student can't make a scheduled work shift? To whom will the student report? What kind of supervision will be provided? How is performance evaluated? What type of training will you provide?
6. Allow the student to ask questions, as well as clarify what information he/she has already offered. Summarize the student's comments about his/her work experience and interests, and ask if your summary is accurate.

3.7 Hiring a Student

Hiring departments that have posted a position on People Admin, screened and interviewed applicants can start the hiring process.

- The student(s) that are selected to be hired will need to be marked in People Admin as “Recommend for Hire.” This will trigger the system for you to gain approvals for hiring this student.
- Once a hire request is approved a “Hiring Proposal” will need to be filled by next level approver and submitted in People Admin for a second round of approvals.
- All student applicant(s) at this point that have not been hired **MUST** be marked in People Admin as “NOT HIRED” with appropriate reason selected. The system will trigger an automatic email to notify students.

Note: A student cannot begin working until an email from Human Resources has been received by the supervisor and student stating the student has been authorized to work.

3.8 Employment Paperwork

1. **NEW** student employee hiring paperwork includes the following:

- Confidentiality Statement
- Form I-9 (will only accept original, authentic, and unexpired documents)
- W-4 (state and federal)
- Direct Deposit (optional, but highly recommended)

2. **REHIRED** student employee hiring paperwork includes the following:

- Confidentiality Statement
- Direct Deposit (if not already established)

Note: A student returning after one year (365 days) of not working at MWSU will need to complete all employment paperwork.

Note: University employees may **NOT** begin working until ALL necessary paperwork is complete and verified in the Human Resources Office (Poppewell 117). You will receive an email stating when a student has been authorized to work with the official start date. If you have questions regarding the status of any new employee in your office, contact Human Resources.

3.9 Rehires/Returning Students

A supervisor wanting to rehire (in the same position) a student employee will not need to post a position through People Admin (only new hire students have to apply). A supervisor will complete a Part-Time Employee Request Form at the beginning of each academic year (fall/spring) and summer term for students returning to the same position to work.

3.10 Performance Evaluations

Evaluations provide students with both reinforcement and constructive criticism of their performances.

Performance evaluation of student employees should be completed, at a minimum, once a year at the end of the spring semester (supervisors may do more than one evaluation throughout the year). Human Resources will notify supervisors beginning March 1st to complete evaluations. Evaluations must be completed electronically by May 1st of that same academic year.

Electronic performance evaluations can be found on the Student Employment web page under Supervisor Resources.
