Our mobile site is designed to give you access to the most frequently used tools. Whether you simply need to find a doctor quickly or have a moment to check on a claim, it’s all at your fingertips. Once logged in, take a look at how easy it is to access these tools and manage your healthcare even when you’re on the go.

**Mobile Tools That Help You Stay Connected to Your Healthcare**

**Find a Doctor** - It’s easy to search for a doctor on your mobile device. Log in to find the most up-to-date and accurate information about a network doctor, hospital, or other healthcare provider related to your Blue KC network.

**My Claims** - Take a quick look at a past claim or check on the status of a current claim.

**Research Health Conditions** - A quick way to get information on a medical condition you have been battling or were just currently diagnosed. Search by specific topics or categories. You can even narrow your search.

**Symptom Checker** - Maybe you’re feeling achy and not sure whether your symptoms may require a visit to the doctor.

1. Begin by identifying the individual who is experiencing the symptoms.
2. Select the area of the body where the symptom(s) occur.
3. View a symptoms list or select from other symptoms.
4. Answer a series of questions specific to the symptoms.
5. View recommended actions to be taken.

**A Healthier You** - Access your personalized A Healthier You portal from your mobile device. The A HealthierYou™ wellness program offers health coaching and wellness solutions to help keep you on track with your health goals. The program is packed with supportive resources, including timely reminders for immunizations, patient safety information and preventive health recommendations.
