*Those students who have more than one declared major may be counted with each major. Fall data is as of the end of term and spring data is of the census date (fourth week).									
**Pre Majors are students are those who have not met the admissions requirements for that particular program (beginning with the Fall 1997 term).									
+Indicates those programs which have been eliminated.									
Source: Major Information Report, Spring 2004-Spring 2005; Currently Enrolled Students, Fall 2005--Spring 2011. Prepared by Judy Fields, Institutional Research Analyst.

\*Those students who have more than one declared major may be counted with each major.  
Fall data is as of the end of term and spring data is of the census date (fourth week).

\*\*Pre Majors are students are those who have not met the admissions requirements  
for that particular program (beginning with the Fall 1997 term).

+Indicates those programs which have been eliminated.

\*Those students who have more than one declared major may be counted with each major.  
Fall data is as of the end of term and spring data is of the census date (fourth week).

\*\*Pre Majors are students are those who have not met the admissions requirements  
for that particular program (beginning with the Fall 1997 term).

+Indicates those programs which have been eliminated.

<b>BIOLOGY</b>							

+Indicates those programs which have been eliminated or are being phased out.

\*Those students who have more than one declared major may be counted with each major.

Fall data is as of the end of term and spring data is of the census date (fourth week), **until Fall 2020**, where fall data is also as of census.

\*\*Pre Majors are students are those who have not met the admissions requirements for that particular program (beginning with the Fall 1997 term).

\*\*\*Starting Fall 2019, Biochemistry & Molecular Biology is counted under both the Biology Department and the Chemistry Department. Students are assigned to a department based on their proposed degree (BS Biology vs. BS Chemistry).
