

Missouri Western State University

## **Safety Policy Statement**

### **Employment Policies**

Approved: 06/24/2009

---

Missouri Western State University is committed to the maintenance of a safe environment of its campus. For ensuring a safe academic, working, and recreational environment, Administrators, Faculty, Students, Exempt and Non-Exempt Staff must honor this commitment. We must all be responsible for establishing sound safe practices for providing safe equipment and facilities for all employees, students, and visitors.

Anyone using the equipment and facilities of Missouri Western State University is expected to follow appropriate safety procedures, to report all accidents promptly, and to bring to the attention of supervisors or faculty members any unsafe conditions or practices. A copy of all accident reports or hazards will be reported by the supervisory personnel or individual to the Chairperson of the University wide Safety Committee and to the Risk Manager. (May 1999)
